In Loving Memory of

Chance Wayne Wilcox (July 19, 1982 - March 24, 2008)

This memorial website was created to remember our dearest Chance Wayne Wilcox who was born to Shelli Ralls and Butch Wilcox, in Tomball, Texas, at 2:17 pm on July 19, 1982 and went with our LORD at 8:30 pm on March 24, 2008, due to a tragic auto accident, caused by a habitual reckless/distracted driver, who's distraction was her cell phone. This then caused the truck, he was a passenger in, to rollover and he was ejected. This was such an unnecessary and preventable tragedy. He will live forever in our memories and hearts. You are our beloved Son, Brother, Grandson, Uncle, Nephew, Cousin and Friend.

You will forever be loved and missed dearly! You touched so many hearts and we are all thankful for our time with you.

On October 2, 2009, a 24 year old female was found guilty of Criminal Negligent Homicide in the death of Chance. On October 5, 2009 she was sentenced to 30 days in jail, 10 yrs probation, suspended license until further notice, \$10K fine, repayment of funeral expenses, 400 hrs. of community service to be completed at 10 hrs. per week, 2 defensive driving courses wherein she must tell her story, and a 1,000 word essay to be printed in Harris County, Texas high school newspapers. Unfortunately, they have filed for an appeal (who appeals probation?) However, she is still on pre-trial monthly probation supervision and her license is still suspended until such time that the Appeals Court makes a decision. Fast Facts related to Distractive Driving

- Distracted driving is dangerous. Distraction from cell phone use while driving (hand held or hands free) delays a driver's reactions as much as having a blood alcohol concentration at the legal limit of .08 percent. (University of Utah)
- Driving while using a cell phone reduces the amount of brain activity associated with driving by 37 percent. (Carnegie Mellon)
- 80 percent of crashes are related to driver inattention. There are certain activities that may be more dangerous than talking on a cell phone. However, cell phone use occurs more frequently and for longer durations than other, riskier behaviors. Thus, the #1 source of driver inattention is cell phones. (Virginia Tech 100-car study for NHTSA)
- Drivers that use handheld devices are four times as likely to get into crashes serious enough to injure themselves. (Insurance Institute for Highway Safety)
- Nearly 6,000 people died in 2008 in crashes involving a distracted or inattentive driver, and more than half a million were injured. (NHTSA)
- Research shows that the worst offenders are the youngest and least experienced drivers: men and women under 20 years of age. (NHTSA)
- On any given day in 2008, more than 800,000 vehicles were driven by someone using a hand-held cell phone. (National Safety Council)

HIS TRUE WEALTH WAS IN HIS GENEROUS LOVING HEART FOR HIS FAMILY AND FRIENDS.....AND WHAT ENDLESS WEALTH HE DID HAVE!

How lucky I am to have known someone who was so hard to say goodbye to.

I was personally notified on Thursday, July 24, 2008 that TxDot has finished the Speed and Accident studies in the corridor where Chance was killed. The decision was made to reduce the speed limit by 5-10 mph. We will see those new signs erected within 6 weeks from today. We have been successful. Thank all of you that supported my efforts and the petition in Chance's behalf. The signs were updated to reflect the change today,

September 4, 2008!!!!

I HOPE YOU RODE THAT DROP OF RAIN!!!!!

Had to add "Boyz to Men - On Bended Knees"

When you and Justin sang that at the Pop Show, the girls were screaming and crying, just like you two were rock stars! LOL.....you were in our eyes! and lets not forget your favorite Karaoke song...."Garth Brooks - Shameless" Such a shining star! Boy did you love to sing! I bet you sing to all the girls in heaven, don't you?

In Loving Memory of My Beautiful Son

♦ When a parent dies; you lose your past. When a child dies; you lose your future! ♦

A wife who loses a husband is called a widow. A husband who loses a wife is called a widower. A child who loses his parents is called an orphan. But...there is no word for a parent who loses a child; that's how awful the loss is!

The Cord

We are connected, my child and I

By an invisible cord, not seen by the eye

It's not like the cord that connects us til birth

This cord can't be seen by any on earth

This cord does it's work right from the start

It binds us together, attached to my heart

I know that it's there, though no one can see

The invisible cord from my child to me

The strength of this cord is hard to describe

It can't be destroyed, it can't be denied

It's stronger than any cord man could create

It withstands the test, can hold any weight

And though you are gone

Though you are not here with me

The cord is still there, but no one can see

It pulls at my heart, I am bruised..I am sore

But this cord is my life line, As never before

I am thankful that god connects us this way

A mother and child...death can't take it away

My connection to you is eternal.....Mom

On the day that God took you away, I thought I would die

I wondered where the time went I asked a lot of why's

With people all around me I felt alone inside

From all their words of comfort I couldn't seem to hide

I thought I might be dreaming, that I'd awake and find you here

I thought this can't be happening, as I wiped away another tear

On the day that you were laid to rest my heart broke yet again

I wondered if the pain would end, but mostly I wondered when

It's hard to be without you at times the day's seem long

Sometimes I just sit crying when there's really nothing wrong

I wish we'd had more time before your life was gone

I hope you're happy and peaceful my dear and precious son

My memories of you began 25 years, 8 months and 5 days ago at 2:17 pm, and the most beautiful and big baby boy made his arrival to his anxiously awaiting mother. You were the sweetest little blonde hair, blue eyed boy with a smile as an extra accessory. You have made me smile since that day and given me so much joy and boy have we have some fun. We have had some rough times to but that is what made Chance Wayne Wilcox, Chance Wayne Wilcox and I don't regret one minute of any day. You have remained that sweet, giving little boy even as a grown man. My heart is broken beyond repair. I will talk to you everyday and I hope you are listening. I will

again see you some day and hope you are standing there waiting and laughing as you always have and greet me so we can pickup where we left off. I love you and will miss you every second of every day.

HE IS WITH OUR LORD NOW!!

I feel as though my heart must stop with pain.

I miss you so, the darkness will not pale.

My darling son, come to me again.

I know you cannot come, and still I strain

To put my arms around you through the veil.

I feel as though my heart must stop with pain.

Other lives and loves call me in vain.

I try to turn away from you and fail.

My darling son, come to me again.

You are my unendurable refrain.

Back and back I hurry to impale
My heart on you, to stop my heart with pain.
Yet nothing that I do undoes the plain
brutal fact which always must prevail.
Ah, my darling son, come to me again!
You are both my sunshine and my rain,
My dearest joy, my anguish, and my grail.
I feel as though my heart must stop with pain.
My darling son, come to me again.
I love and miss you, MOM

Give What's Left Of Me Away

"Now that I'm gone,
remember me with a smile and laughter.

And if you need to cry,
cry with your family and friends
Who walks in grief beside you.

And when you need me, put your arms around anyone and give to them what you need to give to me.

There are so many people
who need so much.

I want to leave you something.
Something much better
than words or sounds.

Look for me
in the people
I've known and loved or helped
in some special way.
Let me live in your heart
as well as your mind.

You can love me most by letting your love reach out to our loved ones

and the stranger who needs love

By embracing them

and living in their love.

Love does not die,
people do.
So, when all that's left of me is love,
and you want to serve my memory

give it away to those that

NEED love and laughter in their hearts."

----That is my wish.....Chance----

"You don't get over it,
you just get through it.
You don't get by it,
because you can't get around it.
It doesn't 'get better';
it just gets different.
Every day... Grief puts on a
new face..."

~The Broken Chain~

We little knew that morning, that God was going to call your name.

In life we loved you dearly, in death we do the same.

It broke our hearts to lose you, you did not go alone;
for part of us went with you the day God called you home.

You left us peaceful memories, your love is still our guide;

And though we can not see you, you are always at our side.

Our family chain is broken, and nothing seems the same;

But as God calls us one by one, the chain will link again.

WE HAD THE WORLD WHEN WE HAD YOU!!

someone asked me if i missed you..
i dian't answer. i Just closed my
eyes and walked away. then i
whispered "so much."

JESUS LOVES ME THIS I KNOW FOR THE BIBLE TELLS ME SO, LITTLE ONES TO HIM BELONG, THEY ARE WEAK BUT HE IS STRONG. YES JESUS LOVES ME, YES JESUS LOVES, YES JESUS LOVES ME FOR THE BIBLE TELLS ME SO!!!

LOVE ALWAYS,

HARLIE

For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in,

Matthew 25:34-36

AS LONG AS WE HAVE THE SAND AND THE SEA!!!

If love could undo a wrong,
You'd be home where you belong.
The choices that were made,
Caused you to rest where you were laid.

You were young and didn't know,
We'd lose you and miss you so.

Too young to really understand,

So God reached out His mighty hand.

Now you hear the Angels sing,

And you don't want for anything.

You're finally safe from earthly harms,

Wrapped up in God's loving arms.

Although I miss you everyday,

I know heaven's where you'll stay.

But someday Chance, we'll meet again,

When I walk through the gate to heaven!!

Why?

We did not know that morning,

What sorrow the day would bring.

Our Loss was great, the pain severe.

We lost someone we loved so dear.

God called you home quickly

That we could not say goodbye.

Our sorrow loams so deeply,

Because Only God Know Why?

You will remain forever in our Hearts.

Noone can take away our Memories.

Beverly of Retaudo

I thought of you with love today But that is nothing new, I thought about you yesterday And the days before that too.

I think of you in silence
I often speak your name,
All I have are memories
And your picture in a frame.
Your memory is my keepsake
With which
I'll never part
God has you in His keeping
I have you in my HEART

FOREVER your Sister....

If Roses grow in Heaven, Lord please pick a bunch for me,

Place them in my brother's arms and tell him they're from me. Tell him we love and miss him, and when he turns to smile,

> place a Kiss on his cheek and hold him for a while. Remembering him is easy, we do it every day,

but there's an ache within our hearts that will never go away.

LOVE YOU UNCLE SISTER!!!

Love, Harlie and Lukas

AMAZING GRACE

"Amazing Grace, how sweet the sound,
That saved a wretch like me....
I once was lost but now am found,
Was blind, but now, I see.

T'was Grace that taught...
my heart to fear.
And Grace, my fears relieved.
How precious did that Grace appear...

the hour I first believed.

Through many dangers, toils and snares...
we have already come.
T'was Grace that brought us safe thus far...
and Grace will lead us home.

The Lord has promised good to me...
His word my hope secures.
He will my shield and portion be...
as long as life endures.

When we've been here ten thousand years...
bright shining as the sun.
We've no less days to sing God's praise...
then when we've first begun.

"Amazing Grace, how sweet the sound,
That saved a wretch like me....
I once was lost but now am found,
Was blind, but now, I see.

I noticed how beautiful the sky was today, then realized it was because **you** are up there.

KEEP THEM COMING!!!!

A Message From Fleaven

Perhaps you aren't ready yet to have to say good-bye... Perhaps you've thought of things you wish you'd said-well, so have I. For one thing, I'd have told you not to worry about me... I'm with the Lord in Heaven now. you knew that's where I'd be. I'm sorry that you're feeling sad, for I'm so happy now... I've asked the Lord to ease the hurt and comfort you somehow. It's hard at the beginning, but I know you'll make it through. I hope it helps to know that I'll be waiting here for you.

Your favorite team

The lord is my shepard, I shall not want. He maketh me to lie down in green pastures, he leadeth me beside still waters,

he restoreth my soul; he leadth me in th paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me; they rod and thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; thou annointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the lord forever.

Psalm 23

"Though nothing can bring back the hour, of splendour in the grass, of glory in the flower; We will grieve not, rather find, strength in what remains behind......" William Wordsworth

Loss of a Child (author unknown)

The moment that I knew you had died,
My heart split in two,
The one side filled with memories,
The other died with you.

I often lay awake at night, When the world is fast asleep, And take a walk down memory lane, With tears upon my cheek.

> Remembering you is easy, I do it every day,

But missing you is a heartache, That never goes away.

I hold you tightly within my heart, And there you will remain, Life has gone on without you, But it never will be the same.

**** Chance, I Love you and Miss you always ****

To my dearest family, some things I'd like to say But first of all, I want you to know that I arrived OK. I'm writing this letter from Heaven; here I dwell with God above, Here, there are no more tears of sadness-there is just eternal love. Please do not be unhappy just because I'm out of sight. Remember that I am with you every morning noon and night. That day I had to leave you, when my life on earth was through; od picked me and hugged me and he said, "I welcome you!" "It's good to have you here again; your were missed while you were gone; As for your dearest family, they'll be here later on. I need you here so badly; you are part of my great plan, There's so much that we have to do to help our mortal man." God gave me a list of things that he wished for me to do, And foremost on the list was to watch and care for you. And when you lie in bed at night, the day's chores put to flight. God and I are close to you in the middle of the night. When you think of my life on earth and all those loving years, Because you are only human, they're bound to bring some tears. But do not be afraid to cry; it does relieve the pain, Remember there would be no flowers if we didn't have the rain. I wish that I could tell you, all that God has planned If I were to tell you; you wouldn't understand. But for one thing is for certain, though my life on earth is over, I'm closer to you now that I ever was before. There are many rocky roads ahead and many hills to climb, But together we can do it by taking one day at a time. When you're walking down the street and you've got me on your mind, I'm walking in your footsteps, only half a step behind. And when it's time for you to go...from that body to be free. Remember...you're not GOING; You're just COMING home to me!

~ FOREVER LOVE~

When tomorrow starts without me, and I'm not there to see. If the sun should rise and find your eyes all filled with tears for me; I wish so much you wouldn't cry the way you did today. While thinking of the many things, we didn't get to say. I know how much you love me, as much as I love you, And each time that you think of me, I know you'll miss me too; But when tomorrow starts without me, please try to understand, That an angel came and called my name, and took me by the hand, And said my place was ready, in heaven far above, And that I'd have to leave behind all those I dearly love. But as I turned to walk away, a tear fell from my eye. For all my life, I'd always thought, I didn't want to die, I had so much to live for, so much yet to do, It seemed almost impossible, that I was leaving you. I thought of all the love we shared, and all the fun we had. If I could relive yesterday, just even for a while, I'd say good-bye and kiss you and maybe see you smile. But then I fully realized, that this could never be, For emptiness and memories, would take the place of me. And when I thought of worldly things, I might miss come tomorrow, I thought of you, and when I did, my heart was filled with sorrow. But when I walked through heaven's gates, I felt so much at home. When God looked down and smiled at me, from His great golden throne, He said "This is eternity, and all I've promised you." Today for life on earth is past, but here it starts anew. I promise no tomorrow, but today will always last, And since each day's the same way there's no longing for the past. But you have been so faithful, so trusting and so true. Thought there were times you did some things, You knew you shouldn't do. But you have been forgiven And now at last you're free. So won't you take my hand And share my life with me? So when tomorrow starts without me, Don't think we're far apart. For every time you think of me, I'm right here, in your heart.

Chance's wish to family and friends, who loved him so much and miss him!

Weep my memory with you, for memories never die; I will be there with you, when you look across the sky. I will be there in the clouds, in the birds that fill the air; in the beauty of a fragrant rose, you will find my memory there. You will feel me in the tenderness of a tiny baby's touch; you will hear me if you listen, in the twilights gentle hush. When your hearts are heavy and you feel that you are alone; just reach down deep inside of you, for your heart is now my home. I will always be with you, I will never go away; for I will live on in your hearts, forever and a day....Love, Chance ▶

Benchmarks

Goodbye would be to difficult, Although I know you are gone. Instead, I keep you in my heart And your memory lives on. I have redefined my purpose, son, Since you are no longer here. With your death I faced a choice To die, exist or to live free. My life has changed forever, child, I'm redefined each week, You would call these "benchmarks" Of goals set and then achieved. And so I set my benchmarks, Achieving many, reshaping some..

But everything is different now

Except your mother's love.

Merry Christmas!

December 21, 2011

Dear Shelli,

I don't light candles very often, but I made it a point to light some tonight...as I was writing, I read your candle to Chance...and tears just started to flow, as they do so very often. This is truly the most painful Journey we will ever travel in this life, isn't it? As I look over each Memorial site..my heart just breaks, over and over, as I feel the heartache on every site...I do take great comfort, however, in knowing that the day is coming when we will be united with our boys again! How great is that going to be, right? I just wanted to let you know that I feel your pain...I thought maybe there was something terribly wrong with me, because I cry so very much...It's been a little over 5 years, and, I believe, I'm still in denial...

I have people telling me that I need to take David's site down, that I'm dwelling in darkness and I need to move on. Of course these people have never lost a child~I hope you don't mind me telling you all of this? Just know, you and your handsome Chance, are etched in my heart and mind forever~ * ~

You have created a loving memory of Chance. What a beautiful young man he is. Your loss is hard, but we know it never gets easy. The tragedy of loosing a child is the worst pain we can endure in this lifetime. Life goes on, but were changed forever. Everyday is a difficult day and the anniversary date is especially hard. May you have peace and comfort and know his spirit is watching over you on tihs difficult day. God Bless.

MEMORIES

Life stands still and aches with memories.

Memories that aches so deeply of a precious life cut too short.

My son Patrick who left me behind to grieve a loss that has no words, no definition, no explanation, no concept.

I am left only with sorrowful feelings that linger deep within my wounded soul reminding me to hold on to those bittersweet memories.

These memories which came from a life that I love so dearly and treasure.

God, help me to keep those powerful memories

because today I cherish them more than my own existence,

for it is my memories of my son Patrick, who is my life and

my light until the end.

Do not stand at my grave and weep,
I am not there, I do not sleep.
I am a thousand winds that blow.
I am the diamond glint on snow.
I am the sunlight on ripened grain.
I am the gentle autumn rain.
When you wake in the morning hush,

I am the swift, uplifting rush
Of quiet birds in circling flight.
I am the soft starlight at night.
Do not stand at my grave and weep.
I am not there, I do not sleep.
Do not stand at my grave and cry.
I am not there, I did not die!

Happy Holidays

Christmas In Heaven

I see the countless Christmas trees, around the world below, With tiny lights, like heaven's stars, reflecting on the snow.

This sight is so spectacular, please wipe away that tear, For I am spending Christmas, with Jesus Christ this year.

I hear the many Christmas songs, that people hold so dear, But the sound of music can't compare with the Christmas choir up here. For I have no words to tell you, the joy their voices bring, For it's beyond description to hear an angel sing.

I know how much you miss me, I see the pain inside your heart, But I am not so far away, we are really not apart.

So be happy for me, dear ones, you know I hold you dear, And be glad I'm spending

Christmas, with Jesus Christ this year.

I send you each a special gift, from my heavenly home above, I send you each a memory, of my undying love.

For after all "Love" is the gift, more precious than pure gold, It was always most important, in the stories Jesus told.

So please love and help each other, as my Father said to do, For I cannot count the blessings, or the love He has for you.

So have a Merry Christmas, and wipe away that tear, For I am spending Christmas, with Jesus Christ this year.

I can't tell you of the splendor, or the peace here in this place, Can you imagine Christmas, with our Savior, face to face?

I'll ask Him to lift your spirit, as I tell Him of your love, So then pray for one another, as you lift your eyes above.

So please let your hearts be joyful, and let your spirits sing, For I am spending Christmas in heaven, and I'm walking with the King!

Wishing you hope, peace and comfort for Christmas and throughout

the New Year!

Thinking of you and your precious Chance always.

MERRY CHRISTMAS FROM MY FAMILY TO YOUR FAMILY.

This is my poem that was published on the newsletter at the Annual Candle Lighting from The Compassionate Friends in my town.

Yesterday was a sad moment seeing my precious son Patrick's name and pictures on display among the children who were gone way too soon from us... Yesterday was also my Christmas moment in memory of my beautiful son Patrick Christian who has forever changed my life the day he left me empty, confused, and so alone to grieve!

Lighting a candle for my son Patrick

Before I lost my son Patrick

Lighting a candle was just a tradition

To get my prayers answered more quickly,

But today after I lost my son Patrick

Lighting a candle is a painful reminder

Of my greatest loss of a beautiful life cut

So short... My son Patrick.

Lighting a candle is now an unthinkable,

Unbearable reminder of so many hopes

And dreams taken away from me.

But in the depth of my sorrowful journey,

Lighting a candle is also precious

Memories of Patrick that are taken into my

Broken heart and shattered soul as a

Keepsake to keep his memories alive

Beyond my life on earth.

Lighting a candle for my son is my faith

In God to embrace Patrick's new life

As glorious and peaceful as His kingdom.

Lighting a candle for my son Patrick is a

Symbol of my eternal love for him

That I am his mom and he is my son for Eternity, for love never dies but grows Deeper. Lighting a candle will always surround The beautiful soul of Patrick wherever I am To guide him into eternal life. Lighting a candle says it all Son: I love you I miss you I need you I am here for you always You see, God, lighting a candle is a Must... A link from me a lost mother to my Beautiful son Patrick. O Lord, Let it Shine High and Bright!!! Amen. Amen. Amen. Dedicated to my son Patrick Christian LostMom to Patrick Barbosa

When my heart is heavy, full of worries and cares, it's a comfort to know that you're out there.

When the sky is gray and everything's going wrong, I know you'll walk beside me even if the road is long.

And you'll stay with me

until the sun shines once more, because you know exactly what angels are for.

September 21, 2010

How sweet to have such special friends
When days are dark and dreary
How nice to hear I'm praying for you
And feel the warmth of God's love too.
The encouraging words come from afar
Life is so easy as we build a special bond
When you are in the valley low
Friends do pray their love will show.
Our friends are like a thread of gold
We care love and hold them dear
God knew we would need each other
His command was "To love one another."

We may never meet this side of heaven
Tho' we feel each others hurt and pain
We'll continue to pray for those we love
Until someday we'll meet in heaven above.
Thank you my friends for being so dear
For showing love and your fervent prayer
I talk to my God for you each day
Mei you feel His warmth in every way.

HAPPY BIRTHDAY CHANCE

July 17, 2010

If tomorrow starts without me,
And I'm not there to see;
If the sun should rise and find your eyes
All filled with tears for me;
I wish so much you wouldn't cry
The way you did today,
While thinking of the many things,
We didn't get to say.

I know how much you love me,

As much as I love you,

And each time you think of me,

I know you'll miss me too;

But when tomorrow starts without me,

Please try to understand,

That an angel came and called my name,

And took me by the hand,

And said my place was ready,

In heaven far above,

And that I'd have to leave behind

All those I dearly love.

But as I turned to walk away,

A tear fell from my eye,

For all my life, I'd always thought,

I didn't want to die.

I had so much to live for,

So much yet to do,

It seemed almost impossible,

That I was leaving you.

I thought of all the yesterdays,
The good ones and the bad,
I thought of all the love we shared,
And all the fun we had.
If I could relive yesterday,

Just even for a while, I'd say good-bye and kiss you And maybe see you smile.

But then I fully realized,
That this could never be,
For emptiness and memories,
Would take the place of me.
And when I thought of worldly things,
I might miss come tomorrow,
I thought of you and when I did,
My heart was filled with sorrow.
But when I walked through heaven's gates,
I felt so much at home.

When GOD looked down and smiled at me,
From His great golden throne,
He said "This is eternity,
And all I've promised you."
Today for life on earth is past,
But here it starts anew.
I promise no tomorrow,
But today will always last,
And since each day's the same way
There is no longing for the past.

But you have been so faithful, So trusting and so true. Though there were times you did some things,
You knew you shouldn't do.
But you have been forgiven,
And now at last you are free.
So won't you take my hand.
And share my life with me?

n tomorrow

So when tomorrow starts without me,
Don't think we are far apart,
For every time you think of me,
I'm right here, in your heart.

Angel of Light...

There's a guardian angel watching over you, an angel of light, sent from God to guide you in everything you do. Listen very carefully, and you'll hear its voice. Close your eyes and you'll feel a presence that will make your heart rejoice. Love flows from heaven through your guardian angel to make you feel warm even when you feel lost and beaten by the storm. You need never feel alone, because your guardian angel will be there for you always to lead you along the right path, and brighten your days. Your guardian angel will forever strive to help you learn and grow, giving you the strength and inspiration

you need in order to seek your very own rainbow. Your guardian angel makes sure that God hears your every prayer, your every request and that your good deeds are recorded in heaven to make you doubly blest. Your guardian angel is your best friend with plenty of heaven's love and light to lend. So the next time you pray, remember to give thanks for the angel of light who will be there for you all of your days.

Angel sending melody

From Heaven in the sky

Music that will fill the Heart

Golden notes now fly

Wind is sending harmony
as breezes enter soft
creating philharmonic sound
on Angel's wings they waft

Calm and peace to fill the earth

like gentle silent prayer

music now will enter hearts

like softest love you wear

close your eyes and hear him play
the bounty of God's best
traveling from way up high
each one of us so blest

Hear the sound of love today
so nestled in a breeze
take the time to hear the music
it puts your Heart at ease

music blends with nature's LOVE
such Glory that will stay
upon the souls of everyone

May 7, 2010

A Mother's Prayer

Lord, today is Mother's Day, but my heart is split in two.

Half is with the child still here,

The other with the child that is now there with you.

All the lovely presents are a nice surprise,

But the one thing I want most is missing,

And tears fill my eyes.

I know when you sent him, Lord,

You didn't promise how long he would stay.

All you said was to love him and treasure each and every day.

But Lord, it crushed my heart when you called for his return.

I feel like half a Mom, as I ache, weep and yearn.

But Lord, tell him I love him just as much as I did before.

And could you please make a window,

so he can see through heaven's door?

Let him see that he is missed and thought of with each breath.

And that a Mother's love begins before life, and does not end with death.

So, on this Mother's Day, the Greatest Gift, I give to you.

For Lord, I know you missed him and you loved him, too.

-Author Unknown-

The Cord

We are connected, my child and I

By an invisible cord, not seen by the eye

It's not like the cord that connects us til birth

This cord can't be seen by any on earth

This cord does it's work right from the start

It binds us together, attached to my heart

I know that it's there, though no one can see The invisible cord from my child to me The strength of this cord is hard to describe It can't be destroyed, it can't be denied It's stronger than any cord man could create It withstands the test, can hold any weight And though you are gone Though you are not here with me The cord is still there, but no one can see It pulls at my heart, I am bruised..I am sore But this cord is my life line, As never before I am thankful that god connects us this way A mother and child...death can't take it away My connection to you is eternal.....Mom

A Star in the heavens, Still shining as the day you left, Still showing your love and lack of fear, Still twinkling your special smile.

A Star in the heavens, But so distant, so far away,

But not without love and care, But now at peace in your place.

A Star in the heavens, I smile every time I see you above

A Star in the heavens, The brightest, most beautiful star,

You Shine...So bright...Angel Star!

God's angel

January 8, 2010

Spread your wings and Fly.....You are Free!!

Birds handcrafted from the wings of an angel, water running freely in the streams. Sunshine shimmers in radiance: How could so much beauty be an accident? Each smiling child's face, full of curiosity, seeks out wonders and grandeur. Like a child's eyes, our hearts are searching for some kind of hint, a hint of God. (If you look, Nature's arms will enfold you.) Stars are whispered into moonlight as a day well-lived is fading. The sun is sinking, the colors streaking brilliantly across the sky

like ribbons.

Do not embrace, rather be embraced, enfolded, wrapped in the arms of beauty, of His Creation. We all search for a framed, definite picture

of Heaven.

I can guarantee, your best bet is right before your very eyes.

A Thanksgiving Prayer for You!

November 26, 2009

A Thanksgiving Poem

Dear Father who art in Heaven...
Please join our family on this Thanksgiving day
And bless each one as we sit down to pray
As we remember those who have joined You above
So dearly missed and deeply loved.

Please provide us strength on this Thanksgiving day Bless us with memories of those faraway... Please grant patience to family and friends as we grieve And help us reach out to others who are bereaved.

We give thanks to You on this Thanksgiving day....
For Your presence in our lives each and everyday.
For Your comfort, guidance, and never ending love...
And for taking care of our loved ones...in Heaven above.

As we light this candle on this Thanksgiving day...
And it glows in memory of those in Heaven today....
May their lights always shine down on us and give us light...
And may we feel their presence along with Yours tonight.

May the peace and tranquility of this Thanksgiving day Be an everlasting light within each of us along the way... Lets bow our heads and give our Thanks to God above.. For our blessings, whether on earth or in Heaven above... Amen

Autumn Blessings

September 24, 2009

In autumn when the trees are brown
The little leaves come tumbling down
They do not make the slightest sound
But lie so quietly on the ground
Until the wind comes puffing by
And blows them off towards the sky.

The winds will blow their own freshness into you, and the storms their energy, while cares will drop away from you like the leaves of Autumn.

bonded by our angels

September 16, 2009

Angel Moms

We have shared our tears and our sorrow, We have given encouragement to each other, Given hope for a brighter tomorrow, We share the title of grieving mother.

Some of us lost older daughters or sons, Who we watched grow over the years, Some have lost their babies before their lives begun, But no matter the age, we cry the same tears. We understand each others pain,
The bond we share is very strong,
With each other there is no need to explain,
The path we walk is hard and long.

Our children brought us together,
They didn't want us on this journey alone,
They knew we needed each other,
To survive the pain of them being gone.

So take my hand my friend,
We may stumble and fall along the way,
But we'll get up and try again,
Because together we can make it day by day.

We can give each other hope,
We'll create a place where we belong,
Together we will find ways to cope,
Because we are Angel Moms and together we are strong!

Life is like a garden
And friendship like a flower,
That blooms and grows in beauty
With the sunshine and the shower.

And lovely are the blossoms
That are tended with great care,
By those who work unselfishly
To make the place more fair.

And, like the garden blossoms, Friendship's flower grows more sweet When watched and tended carefully By those we know and meet.

And, if the seed of friendship
Is planted deep and true
And watched with understanding,
Friendship's flower will bloom for you.

Birthdays In Heaven

Birthdays in heaven are a wonderful site
Where generations of family once again unite.
Nothing on earth can ever compare
to the sounds of the angels singing "Happy Birthday My Dear!"

We gather together with our family and friends

And circle the world with love once again.

We know that you miss us and we want you to know that birthdays up here are not much different than below.

For we have cake with candles and one wish we always make
That your heart will know love and will never again ache.
So tonight go outside and count the stars in the sky
for as I blow out my candles they will flicker up high.

And as this is happening you'll know deep in your heart That Heaven and Earth aren't really that far apart!

angels lighting the sky up

June 30, 2009

I thought I saw your face today, in the sparkle of the morning sun. And then I heard the angel say, "Their work on earth is done."

I thought I heard your voice today, then laugh your hearty laugh. And then I heard the angel say, "There's peace dear one at last."

I thought I felt your touch today, in the breeze that rustled by.
And then I heard the angel say,
"The spirit never dies."

I thought I saw my broken heart,

in the crescent of the moon. And then I heard the angel say, "The Lord is coming soon."

I thought that you had left me, for the stars so far above. And then I heard the angel say, "They left you with their love."

I thought that I would miss you so, and never find my way.
And then I heard the angel say,
"They're with you every day."
"The sun, the wind, the moon, the stars, will forever be around, reminding you of the love you shared, and the peace they've finally found.

There's a place I've never seen beyond this world we know, A place I've only heard of but someday hope to go - It's not on any map, there are no roads to take me there, But it's a place of perfect peace where hearts are free from care. And though I understand some may be saddened when I leave, One day, we all will meet again - that's what I believe...

When it's time to travel there, I think I'll wear a smile, I'll say good-bye to those I love, but only for a while, Knowing there are others who have traveled there alone, Who cannot wait to greet me and to whisper "welcome home."

A place to be alone.
If I could take your troubles,

April 2, 2009

Hugs From Heaven by Charlotte Anselmo

When you feel a gentle breeze Caress you when you sigh It's a hug sent from Heaven From a loved one way up high.

If a soft and tender raindrop Lands upon your nose They've added a small kiss As fragile as a rose.

If a song you hear fills you
With a feeling of sweet love
It's a hug sent from Heaven
From someone special up above.

If you awaken in the morning To a bluebird's chirping song It's music sent from Heaven To cheer you all day long.

If tiny little snowflakes
Land upon your face
It's a hug sent from Heaven
Trimmed with Angel lace.

So keep the joy in your heart If you're lonely my dear friend Hugs that are sent from Heaven A broken heart will mend.

Remember me when flowers bloom early in the spring,

Remember me on sunny days in the fun that summer brings.

Remember me in the fall

And in the winter - remember me

In the stories that are told.

But most of all remember

each day - right from the start,

I will be forever near

I am so sorry that I missed Chance's first angelversary,

My thoughts and prayers where with you and your precious family last Tuesday.

February 21, 2009

As the first anniversary of Chance's move to Heaven approaches, please always know that for those of us who have traveled the same road, you will be in the hearts and prayers of your "new" friends. I know that the first year is encompassed with so many emotions, and as time moves forward, you will most likely question where that year went...how you managed to cope...how you even made it minute to minute, but time is the only thing that will ease the pain and begin to bring new life to you.

You will always have that special place in your heart and soul for your handsome son...it stays there, right next to the huge void that will also rest eternally within your heart. But the day will come when God's need for Chance will make more sense to you. It won't stop the grieving, nor will it create a world that seems perfect again...there is no such eutopia for those of us who have learned to rebuild our lives without a child...starting over as a family minus an integral part of who that family once was.

You are in my thoughts and prayers and I pray that as the day approaches, you will find the inner peace of knowing that your handsome Chance is healthy, happy and living an eternal life. He will wait for you...we just have to be patient.

Sweet Poem for us All

December 31, 2008

A Child Loaned

"I'll lend you for a little time
A child of Mine." He said.
"For you to love the while he lives
And mourn for when he's dead.
It may be six or seven year
Or twenty-two or three
But will you, till I call him back
Take care of him for Me?
He'll bring his charms to gladden you
And should his stay be brief,
You'll have his lovely memories
As solace for your grief.

I cannot promise he will stay
Since all from Earth return,
But there are lessons taught down there
I want the child to learn.
I've looked this wide world over
In my search for teacher's true,
And from the throngs that crowd life's lanes,
I have selected you;
Now will you give him all your love,
Nor think the labour vain
Nor hate Me when I come to call
And take him back again?

I fancied that I heard them say,

"Dear Lord, They will be done,
For all the joy Thy child shall bring,
For the risk of grief we'll run.
We'll shelter him with tenderness,
We'll love him while we may,
And for the happiness we've known,
Forever grateful stay.
But should the angels call for him
Much sooner than we planned,
We'll brave the bitter grief that comes
And try to understand."

THINKING OF YOU

December 31, 2008

"It's the end of another year and so many thoughts go swirling through our minds. For many, it has been a difficult year - job loss, loss of friends, loss of a home, loss of health, and possibly one of the most lasting losses of all - the loss of a child. For some there will be no celebration at the end of the year - only a lot of tears for those dreams that were stolen away so unexpectedly.

How does a person move on? How can a person move into the New Year with joy when so much sorrow surrounds the heart? It's not easy, but it helps to remind yourself often that you are never, ever alone in

your pain. There are times when we feel alone, but the truth is that we are surrounded by hope and it is there for us whenever we call out for help. Look at nature in any season and be reminded of the One who is in charge. Look at the majesty of the starry sky at night and know that you are counted among the stars. Listen to the sounds of the wind rustling through the trees and hear the whisper of God letting you know He is by your side. Look for the rainbow painting the sky and be assured that you have not been forgotten. Remind yourself often that hope is stronger than your pain! "-C. Hinton "For every tear you cry, there is a seed of hope being watered." --Clara Hinton "The Spirit of the Lord God is upon me." --Psalm 61:a

Happy New Year!

The picture is a hibiscus that was blooming on one of our bushes during Christmas while we were living in Hawaii. It was one of Bruce's favorite flowers. I hoping you will like it too! I'll see your mom next weekend. I'll be helping her with S.A.D and P.A.R.A., so don't worry everything will be fine. Please give Bruce a big hug for me and the two of you hug one another for all of us. Hold your mom close in your angel wings.

Wishing you, your mom and the rest of our family a positive, loving new year.

May God continue to bless us and keep us all together.

Merry Christmas to your family Chance. May they be comforted in knowing that you were in Gods choir this morning. Singing His Praises of His Sons Birth. I'm sure you had a big smile on your face. You are thought of often, every time I see my granddaughter, your niece, Harlie. I think of her uncle, you. May you rest in peace knowing that everyone will be ok in time. If you get to, say hello to my parents for us and Merry Christmas too. Take care and God bless you.

Thinking of you at Christmas

December 9, 2008

My thoughts and prayers are with you, especially now during the

holiday season. I am wishing you a gentle Christmas filled

with beautiful memories of Chance.

I pray for you and for justice to be done everyday. think about you and how hurt you are and I know you would give anything for another moment with Chance and you will always have a void in your heart. I have Chance's picture hanging in my living room and it reminds me everyday that the world can be so unfair. I know I have told you before I am so proud and AMAZED by your strength and all you have done and fought for. You took a terrible thing and changed laws. Im sure because of the speed limit change you saved another mother from going through what you have been through. Your world got turned upside down and you keep going everyday. Chance should not have died that day. Let me know if you ever need anything even if its getting out of the house and having a drink.

Thinkin about ya'll! I sit here sometimes wishing I knew what to say! But I don't! I miss him, and I hope that ya'll are coping with your loss! I am sorry! Call me if ya'll ever need anything!

Chance was an adorable kid and grew up to be very handsome as I always knew he would. I really liked him. He was always so good when ever he was at our house, just shy of girls at that time. But who can blame them. I remember how cute he looked in his baseball uniform. Richard used to say that it reminded him of when he was young.

Shelli if you just want to talk just know I'm just an e-mail away.

Take care my sweets.

You know that for me to be able to say hi to you and hear from you every now and then, I kind of feel like I still have a little piece of Chance with me because he was a part of you. Maybe it is just my way of thinking though. People can be sooo unreal these days. Nothing shocks me anymore...lol. I hope jutice will be served as you have fought strong and hard. I know as a mother, I wouldn't let anything or anyone get in my way either to get justice for my children. I envy you for fighting so hard and staying so strong. This is a situation that you have to be able to tell yourself that you can even when others may say you can't. I think that people see how strong willed you are for Chance and maybe they are intimidated as they very well should be. Thank you

Hi Shelli, I just wanted to thank you so much for letting me come by last night and pick up that stuff for Chance. It was great being able to finally meet you. I wish we could met sooner and under different circumstances but it's better late than ever. Thank you for sharing everything you did last night as well. I'm

sorry I couldn't have been of more help and had more words and thoughts to express how deeply sorry I am. Chance was a great friend. But I hope we keep in touch and I would love to go visit him one day with you if that would be okay. Just let me know.

Thanks so much again,

Chance, You will be missed..... You will always be in our hearts and mind always.

Linda Chance & Bruce October 27, 2008

Shelli,

I've been thinking about you, Chance and Bruce. It's sad considering how much time we've been family, but never seemed to have the time to share much with one another...that is until now. I lost Bruce and now you've lost Chance, but through our loss we have reconnected. I don't believe it's a coincidence. I truly believe Chance and Bruce have brought us together to help us through our grief and learn how to live again.

When I look at photos of Chance I see the glint in his eyes. Bruce had that look of mischief in his eyes as well. If you saw photos of Rob, Bruce's son, you would see that same thing! So, even though they are not with us physically any longer, their sense of fun and mischief lives on in our memories and within others. Some how this is comforting to me. I hope it will bring you comfort too.

I hope your mom shared with you my story about the two herons I saw on Lake Grapevine on Saturday while I was celebrating Bruce's first anniversary in Heaven. If you'll go to Bruce's memorial site you can read about it under "memories" and see the photos in his album "Freedom Flight." It still makes me feel as though my heart will burst out of my chest when I think about it. It was the greatest gift!

You will receive your gift as well when you least expect it. Please know I love you so much and think about you and your precious son every day. Do your best to be happy because Chance wants you to.

Thank you so much for lighting a candle for my brother in law Gary. He was a great kid. I can't believe he has been gone 10 years. He was born the same year as your son Chance.

I am so sorry for your loss. Gary also died from head injuries in a car accident. He was 16. He hit a tree traveling in excess of 70 mph. Speed definately kills. The page you have created for you son is beautful. I am still working on Gary's.

I know nothing anyone can say will ever take your pain away, but may you find comfort knowing that others care and that you are not alone.

Your son was a very handsome young man. May he rest peacefully. Maybe he will meet our Gary in Heaven and they will be good friends.

Thank you so much for the comment left on Jordan's page. It means so much to us.

I am so sorry for your loss. My heart breaks with yours. I pray for you and your family to find the strength and guidance to help see you through this. You are in my thoughts and prayers.

I am the mom of 3 sons and 1 daughter. I worry constantly when my 2 oldest boys are on the road. My 19 year old son has only had his license for a short time. He called me during the spring to inform me that he was going to be driving to Atlanta--I cried as I said "bye" to him on the phone. I worry myself sick, literally. My oldest son, Jordan's daddy, he drives for a living. He will call me while on the road and I become a nervous wreck when he talks of what the other drivers are doing.

The work you have done in his honor is an inspiration. Job well done.

September 8, 2008

hi shelli! i wanted to tell you thank you for stopping by my lizzie's page, it means so much to me that people are thinking of her and us:)

first, i want to tell you that you have done an amazing job with changing the speed limit, CONGRATS!!!!! you have inspired me to look into doing that as well, my only problem, how do you get started on something like that?? The site where lizzie's accident took place, has been a problem for years and there have been others that have cherished there as well. I don't know all the facts, and i don't know how to start figuring it all out. If you have a minute some day, could you please email me and tell me hot you got started with this? my email is katallen813@aol.com

2nd i want to tell you how very very sorry i am for your loss! just reading chance's page, i know how much he was loved and is missed. I am sure that him and lizzie and all the other angels on this site are having a great time in heaven! As a parent that is going thru the same emotions as you, there are NO WORDS to describe the hurt we are feeling, but it is nice to know that there are others that can understand EXACTLY what we are feeling.....my heart is with you and your family

3rd, i hope you don't mind, but as i was going thru chance's page, i read a poem that says author unknown and copied it to my lizzie's page. That poem says EXACTLY everything that we are feeling. I can't tell

you how many nights i lay in bed while everybody else is sleeping and the tears just roll down my face. That poem really hit home and i hope you don't mind that i copied it.

I hope you have a really peaceful day, take it one day, sometimes minute, at a time, our children would want us to go on as hard as it is, they are always there with us. Please keep in touch

XOXOXOXOXOXO

Shelli, We've both lost someone we love more than life itself. I am truly sorry I never knew Chance as an adult. I remember him as a little boy with a glint in his eyes and in constant motion! When I was at his funeral I could see how many people loved him and how many lives he touched. He has touched mine in a very special way. I hope Bruce and Chance have met one another in Heaven and that they are serving our Lord well. I know they are with us every minute and every day. Yet that doesn't remove the pain of their loss, but with the love and support of our family and friends and our faith in God we can carry on in this life... to make it a better place! There's more to share, but this is all I can do for now. Just know you are loved and are in my prayers Love, Aunt Linda

August 3, 2008

My thoughts and prayers are with all who love and miss dear Chance. Shelli your advocating for aggressive driving and seat belt failure is certinally making people aware. Your message has reached Adelaide, Australia. I sat my two niece's down to view the video on Chance's website to help educate them as they are not long off getting their drivers licence. It was a real eye opener for them both an education they hopefully will never forget. They both studied Chance's page in depth for quite sometime. I have emailed chances website address to many of my friends especially to other young drivers I know. Chance was certainly a very handsome young man and I can tell how loved he was by the many memories, candles, condolence's and by his wonderful custom page such a beautiful tribute to honor your precious angel. I hope that our boys have crossed paths in heaven, if by chance they have, I know they will be friends. Thank you for sharing your precious son's life story and for advocating to make a difference in other peoples lives. You certinally are a very special person. ~ Edwina Mitchell~ Mum to Troy Mitchell.

Forever Remembered

July 11, 2008

He was just a young man and what happened was so senseless she changed all our lives when she took Chance away. I know it changed me. I have been apart of your family for 42years. Chance had so much to live for and to explore. It wasn't his time. And its so sad that the girl behind the wheel that took Chance away from all of us was so reckless to not even think she could have caused so much pain in her rush to get wherever it was she needed to be. It wasn't worth it. My heart and prayers are always with your family.

Love you,

Another grieving Momma

May 20, 2008

Just wanted to stop by and leave a message to the family, friends and loved ones that Chance left behind. In addition, I thank those who have visited our Andrew's memorial site. It is such a tremendous internal feeling to experience this type of bond. Strangers, yet drawn together because of such a tremendous pain and loss.

As I read more about Chance, he reminds me so much of Andrew. Andrew just loved being outdoors and played every sport as a master, yet when he found baseball, it grabbed his heart and spirit. He was an absolute unbelievable ball player. I miss watching him play ball and it's very difficult for me to even focus on a game on TV anymore. It's just missing such a vital part of what I enjoyed...Andrew's passion for the game...his fiery spirit...his excitement when things went well ...and, guess I won't mention his mood when things went the wrong way!

I hope and pray that you know that this journey is one that will be difficult, but God will lead you throughout the transition. Allow yourself time to grieve, to cry, to be angry and just to sit and talk about you son. He's still a part of your life and always will be.

Sending hugs and prayers to each of you as you move forward as an incomplete family. The pieces will fit again one day, but for now, you will find the strength to accept the fact that Chance is with

our Lord and Savior. We're just not sure how to cope with all of the emotions that are encompassed with this type of loss.

Do take care and always remember that I'm thinking and praying for each of you.

Shelli, Continue advocating, as it is a part of your healing and your way of seeing that Chance didn't die in vain. Of course you will miss him forever and think of him constantly. He is your child! I don't think that we will EVER get over it.

Chance has only been gone for two months. Your wound is still so fresh. Jacky has been gone for seven months this weekend and my wound is still so fresh. We are going to relive that "last day" for a mighty long time as if it were only yesterday, and may God keep people around you that have hearts of empathy. We are going to wonder "why our child?" probably every day until the day that we get to be with them, meantime struggling with our faith to lean not to our own understanding.

It probably took three months into Jacky's death that I didn't break down at times during the night, just letting the tears fall as I tried to seek God's face for understanding. My husband would try to console me, but felt helpless, I know...because I just wanted to be alone when I cried. It felt GOOD to cry, to let it out. I just kept/still do reliving every day of the last week that he was with me, and he was here EVERY day. He was sincerely a mama's boy.

I was/am SO proud of him, how well he had grown and matured. I even recall watching him ride off that evening on his motorcycle, thanking God for him and telling God how proud I was of him. Then about two hours later I got the phone call. It was as if, as my niece once said, "I would feel tricked," since we are so strong in our faith.

But I didn't feel tricked from minute one, held no anger and bitterness towards God or the kid that hit him. I told God that I wouldn't question him, but have silently questioned him every minute of every day...and I know that He knows that. But I HAVE had a sincere peace even in that moment of finding out the news, and I know that peace is straight from God because I choose not to have a hint of anger or strife within me toward ANYone! I'm paranoid that any negative feelings would block my peace, and I desperately need the peace of Christ not to fall into some sort of depression as I've watched so many others do that have lost children.

You know that is what is keeping you from falling into that pit of depression, too, don't you? The peace of Christ, but not only that....but the GOOD that you are doing advocating against drunk and reckless drivers. You have a goal. You are running the good race and refusing to faint. Pray for anyone that tries to get in your way, anyone that feels cheated of your time. Forgive them and pray for them. Anyone that hasn't lost a child needs to wake up. It CAN happen. And it's not God's fault. It's the fault of those that you are determined to fight.

We are MOTHERS. Not step'mothers, not step'fathers...not even fathers. We carried these children for nine months and suffered birthing them, then the years of raising them and being MOTHERS to them....no way that two months or seven months can heal wounds such as we carry. What is going to heal us is doing what we are felt lead to do to see that our children didn't die in vain. I think that we will be left with some deep and sensitive scars forever, and our sons will be a memory that is just as fresh as yesterday, even

years down the road (hope so!), but I also think that as strong and determined women...we can allow God to work the good from the bad.

You have a new call in live>>seeking to SAVE lives. You WILL win.

This month, finally, the "daze" has sort of semi'settled off me and I feel a little more balanced. (Thank God I have a big family and support system that has been here for me and allowed me to do that). I have been able to turn my attention back to my home, back to routine....it's taking time, but I'll get there.

But I will NEVER turn my back on my own new calling, no matter how depressing some of it could get if I let it. Feed the hungry, care for the sick, be a lifter'up....I'm soooo full of empathy....I need to use it. It's really healing as it takes the focus off myself and my feelings.

Keep advocating, Shelli! You are a VERY beautiful woman, look more like Chance's sister than mother. And....you are strong. Good qualties. I know that you do your son proud.

Such love that shines from this family. We know how you feel, the sudden shock and horror of losing one of our most prized possessions, our children. That is one thing that we at these memorial sites have in common...we know how each other feels. The lonely moments, the "why?" moments, the what'if moments. And, too, the good moments that we can laugh or smile on a memory.

We mourn with you, cry with you, smile with you...

We are with you in spirit, just as your son is with you in spirit, same as Christ is with you in spirit. May the peace of Christ keep you.

To Shelli and all of the family and friends who have lost Chance...in this life only. I wish I could express to you in words that I know, I truly know what your are experiencing, but at times, the words just don't

come. Your loss is still so new and even easy to deny at just the right moment in time. That void that you feel in your hearts and souls, will one day, lessen somewhat, but I've been where you are now, for almost three years, and it's still there...it's just easier to accept as a part of my life as it is today.

Shelli, what a handsome, handsome son you have. He may fly high in Heaven now, as an Angel, with our son, Andrew, but he remains a handsome young man. Please feel free to contact me at any time per email if you need to talk, cry, get angry and just be heard. I have met so many wonderful people on this site, some of which listened to me when I just wasn't sure how I was going to make it through another day.

Andrew was involved in a tragic auto accident on July 12th, 2005. He was ejected from the car and landed on his head. He remained on life support until July 16th at 11:00AM, when we were told that there was irreversible brain damage and that he had also suffered from numerous strokes. He had requested that his organs be donated, but we never thought that we would be faced with the day that we would be signing those papers. We did though, and I am thankful for the gift of life that Andrew gave.

I will always remember the love in Chance's heart. All of you are to thank for the love he had to give and did give. My children, Payton and Ethan, absolutely love and adore him. We had a special place that Chance and I would take my boys to throw sticks in the creek or just spend quality time together and talk. My children will forever know of our special place. He is so very dear to us. I thank God for having the opportunity to know Chance and his beautiful heart. I know that there are no words that can be said to make the pain go away but he is eternally blessed and is greatly loved and missed.

Our memories of Chance will be with us forever. We loved him unconditionaly and he was a great joy to us. We are going to miss him so much. But God has a plan and Chance has gone to a better place. Good bye Chance.I didn't know you that well.I was introduced to you by your sister, Amber.I'm Harlies PaPa. You seemed like a very likable young man who had everything to look forward too. You were always at the parties for Harlies birthdays. And family get togethers that JoAnn and I were invited too. From what Amber told me about your Grandfather Pickle. He was probably there at Heavens gate waiting for you with open arms and a firm handshake. You will be missed by all who got to know you. God Bless you, and may you rest in His Eternal Peace. Your friend Cleve

Remembering holiday's past. We try and carry on, but they will nver be the same without you. The day will come when I am able to spend the holidays with you again in heaven. Love, Mom

They say that time heals all wounds but all it's done so far is give me more time to think about how much I miss you.

I know that you can't read this, or maybe you can. . . Who knows. I just want to say that I'm sorry for not reaching out and trying to be your friend before you left and I'm sorry that I didn't know of this tragedy until recently. My heart goes out to your family. I just want you to know that.

Have thoughts of you every day. Something will happen and I can hear you say it's OK. We found a dime this week end. I cry a million tears in my heart for you each day but the blessing is you are happy and at peace. I know your've made new friends and all of them love you as we do. I think of our talks and cherish them. You were my pal, even though you were my grandson. I worried about you like a mother hen and know at times you wished I had not but I wanted you safe. Your safe now and I know God has a plan for you. You touched so many lives. Thank you for being such a loving and caring Grandson and will love you forever.

They say there are no tears in Heaven,
But that must be wrong today.
Because you took part of my broken heart,
When you went away.
I know my tears must have followed you,
How else can it be?
My Spirit feels broken,
'Cause you are no longer here with me.
I cried to the Heavens, my tears fell like rain.
So, I know my tears must be in Heaven,
Things will never be the same.
They say someday I will accept your passing,
But, right now that can't be true,
Because part of me is in Heaven,
My tears..... followed you....

I MISS YOU.....Love, Mom

Speak His Name

Don't be afraid to speak his name,
I know things aren't the same.
He lives in my heart, soul and mind,
It's a kind of peace I find.
You and I have memories we share,
Don't hide them, it's not fair.
So don't let silence become a game,
That would be such a shame.
I love it when we reminisce,
The days that I still miss.
Don't be afraid that I might cry,
Don't make me say good-bye.

When we talk about the past,
It helps make the memories last.
So be my friend so dear,
End the silence that I fear!
You will NEVER be forgotten and your memories are a precious gift!
I love you, Mom

Think of you every day. Wishing you were here will never end but we know you are happy where you are and carefree. I think I some of the things you did when you were little and laugh. You were so cute and sweet. You remained that way, with some exceptions, ha, all your life. We loved you and so proud you were our grandson. Play ball and thanks for all the memories.

Sister 4/28/2009

Last night Harlie was laying with me in the bed and I was looking at her from upside down and that made me remember when we were little it was raining or we were grounded we would be so bored and nothing to do so we would go in the room and one would lay on the floor with their head to the bed and the other one would lay on the bed looking down and we would laugh forever because of the way our mouth looked

when we talked it looked just like a shark and we would think that was so funny. Harlie did that last night and laughed sooo hard. We had a bad storm so it helped relieve her fear so thank you for being there!! We miss you.

Wishing you a Happy Easter in Heaven! Love you, Mom

TODAY, March 24, 1 YEAR AGO, AT 8:30 PM, CHANCE WAS SO SELFISHLY TAKEN FROM THIS EARTH. HE HAD SO MANY PLANS, AND HE EVEN SPOKE OF SOME OF THOSE PLANS THAT DAY WHEN I LAST SPOKE WITH HIM AT 7:38 PM. HE WAS HAPPY, HE WAS IN A GREAT MOOD AND READY TO JUST GET HOME, NEVER KNOWING, THAT IN

LESS THAN ONE HOUR FROM THAT CALL, GOING HOME WAS NOT TO BE. I STILL REMEMBER THAT PHONE CALL AND THE COMPLETE DISBELIEF AND DENIAL! HOW COULD THAT BE, I JUST SPOKE WITH HIM.....THE SADNESS THAT HAS TAKEN MYSELF AND MY FAMILY OVER SINCE THAT MOMENT, WILL FOREVER BE WITHIN US. CHANCE YOU WILL BE MISSED AND NEVER FORGOTTEN, THE REMAINDER OF OUR LIVES. LOVE YOU AND MISS YOU, MOM

Lindsey Phillips

Mom - You Are So Missed

Mom

After reading Amber's memory of the cows at the rodeo, reminded me of when you and the girls (Amber, Tiff and Steff) were little, the horses at Mimi and Papa's the girls used to love to feed them. NOT YOU! You would stand about 100 feet from the fence line, with your hand full of hay, and say "here horsy horsy", but you would not go hand feed them yourself! We used to stand there and just laugh at you! SO CUTE!

And then when we would go to rodeo you would insist on going to the fair first and playing all the games where you could win animals because you were good at it and ALWAYS won big stuffed animals. But then, we would end up hauling them around entire evening. LOL Then of course, you AND Amber both would want to ride the crazy rides, knowing you didn't like it. So I would hesitantly let you ride them,

KNOWING you would get scared and want off. Well, each and every time, you two got so scared they would have to stop the rides and let you off!! You and Amber would be hanging on each other for dear life.

Sister 2/20/2009

The rodeo is coming up and it made me think back to you and animals wel livestock mainly HA HA. We were little and you were so afraid of horses and cows. Dad took us to the rodeo livestock and he keep joking with you that a cow was behind you and you finally got upset and stopped believing him. Well they have a runner in the middle of the areans that they walk the livestock down. Dad was trying to tell you to move there were cows coming BUT you did not believe him you stayed there then a cow nudged you and you thought it was dad until it happened again you turned around and saw that cow and TOOK off running. Dad had to go after you but could not leave me and the food behind so he was trying his best to do all of it, it was funny. Then one time he told you he would put a \$20.00 bill in the pasture by his house and if you went out to get it you could have it YOU WOULD not do it. So funny. I am going to take kids this year I wonder how they will react. Lukas is JUST like you in so many ways and afraid of animals is one of them.

HA HA Mia mom's (little puppy) scares him it is funny we just laugh he freaks out over this tiny dog.. Just like you!!!!

MiMi & PaPa

I think of you everyday but some days more than others. Remember when you were a baby,our precious baby boy, and how much fun we had.I'm so glad we had that time with you.It rained this week end and thought of all the drops of rain you had to ride. I could hear you laugh and sing.You could sing so well. There are so many memories in such a short span of years but enough to last us a lifetime. You could charm the birds out of tree when you wanted to and think of you everytime I back out the driveway.Can

hear you say clickit or ticket. You were such a fanatic about your seat belt, which I was so glad. You were and are our Valentine now and forever.Love and Kisses. Fly with the angels.

Waylon Kitchens mommy

Wishing you a Sweet and Happy Valentine's Day Chance!!!!

Happy Valentine's!!! I remember when you were just a young boy and you always loved Valentine's and would gather some of your prized possessions and always try and give them away to girls! I forever miss and love you. Hope you have a sweet Valentine in heaven. Love, Mom

MERRY CHRISTMAS. Thinking of you and giving you hugs. Know you are celebrating every day and watching over everyone. You were a care giver. We will be seeing Harlie and Lukas tomorrow.It's

a quite day for us. Love and miss you but flying with the angels and know you have all new friends

Kisses and hugs and our never ending unconditional love. XXoo

MiMi & PaPa

I was thinking about Christmas and remember when all of you were little and how excited you would be. One Christmas I was brave enough I took all of you to the mall to do your Christmas shopping.I

think each one of you had \$10.00. You wanted to go to the jewelry store to buy your Mama a big

diamond. \$10.00 was a fortune to you. We went and you picked out a diamond ring and so excited about buying it. The sales lady told you how much it was and you were amazed. You said I don't have near enough money for that. But as always you accepted that and bought her something else. I just hugged you so hard as the thought was so sweet. There are other memories to write about late.

Mom

Was thinking about the Christmas Santa brought you the pet monster, which we thought you would love because he was so colorful and playful. Boy was I wrong! You were scared of him and so scared I had to place him back in the box he came in and place him up in the closet. A year or 2 later you wanted him, so we got him down from the closet. I still have a picture of you with him. Then as the years went on, you were only interested in anything baseball and watches. So it wasn't hard to buy for you. We will miss you so much this holiday. It will be so lonely. Harlie and Lukas are so excited. So that's the only incentive any of us have this year. I have Christmas presents for them from

you and will every year. That was one thing about you...you always bought their presents before you bought anyone else's and you always put so much thought into what you would get them from their UNCLE CHANCE. Miss you and love you....Mom

If Roses grow in Heaven, Lord please pick a bunch for me,

Place them in my brother's arms and tell him they're from me. Tell him we love and miss him, and when he turns to smile,

place a Kiss on his cheek and hold him for a while. Remembering him is easy, we do it every day,

but there's an ache within our hearts that will never go away.

JUST THINKING ABOUT YOU TODAY LIKE I ALWAYS DO. ITS DOESN'T SEEM TO BE GETTING EASIER. TO MUCH HURT WAS DONE TO US ALL THE DAY YOU WENT AWAY. YOU ARE A GREAT FRIEND.. I KNOW THERE ARE THINGS I HAVE ONLY BEEN TALKING TO YOU ABOUT AND ALL OF A SUDDEN THINGS IN MY LIFE ARE COMING TOGETHER. I KNOW YOUR DOING THAT FOR ME. I AM SO THANKFUL TO YOU:) I WISH YOU WERE HERE TO HUG. I KNOW YOU DON'T LIKE HEARING ME CRY BUT MY HEART IS STILL BROKE OVER WHAT HAPPENED TO YOU. I

HOPE THAT I CAN HELP FIGHT FOR YOU NOW.

Sister 12/11/2008

It snowed here in Houston today! I was remembering and talking about when we were little in the apartments maybe in the late 80's early 90's it snowed and iced here. You and I got all the clothes we had and all the jackets and we went outside....we would run down the grass and jump off the curb to the parking lot and slide across the ice that was fun and you tried to ride your bike across it THAT WAS FUNNY! No matter what you tried that bike was not going to go the way you wanted it to. I am sad you were not here to show the snow to the kids but I am sure you had a hand in it snowing here. THEY LOVED IT! We miss you so much!!

Sister 12/03/2008

You must be with us! This morning Harlie woke up and told me that she dreamed about you. You two sat on the couch and watched Cars together. I asked her....did you talk to her she said no we just sat there and watched the movie. I found that CRAZY because I also had a dream that you were in last night. I was driving and you were the passanger in the truck Lukas was in the middle of us. I was on the phone talking about a turtle and Lukas was making fun of me and you were over there laughing at us so hard it was so neat how real it felt. I am glad you visited us last night! Harlie misses you soooo much! Visit us more often if you can.

Mom - 11/27/2008

Our thoughts are of you today and how thankful we were to have you in our life for the time that we did, it just was not long enough...but is it ever? I will give my greatest thanks the day I am able to join you. I love you, Mom

Heather

Been thinking of you a lot lately and just wishing I could pick up the phone and call you, but I can't. You always knew just the right things to say and the right advice to give and I am definitely in desperate need of both. I have been praying to you though and talking to you every night, I hope you can hear me. I still turn to you for almost everything these days. You were someone I could and still depend on! I miss you so much and can't wait til I see you again. You still owe me that movie date!! Love and miss you and I'll be seeing you:)

LOVE YA, LINDSEY

I MISS YOU STILL VERY MUCH!! I KNOW YOU ARE COMFORTABLE WHERE YO YOU ARE NOW AND IM HAPPY FOR THAT.I WISH YOU WERE HERE TO GIVE A REAL HUG TO.IM SURE THANKSGIVING IS MUCH BETTER IN

Mom

We lost you 9 months ago today, on March the 24th and on a Monday evening at 8:30 pm. The loss of you has not lessened, it actually gets harder. But gives me the push I need to make sure you have justice. I miss you terribly and not a minute goes by that you are not in my thoughts. We will miss you for Thanksgiving. I hope you come visit me in my dreams.

I love you, Mom

Mom

Thanksgiving is fast approaching and I am so sad that you are not here. Just still unfathnable. We are going to try and get by the best way we can. At first, we were not going to have Thanksgiving and then me, Mimi, PaPa and Amber decided that is not what you have wanted. So we will go ahead but it will be spent remembering you. I know if you were still here you would already have the meal planned and you would be anxiously awaiting all the food. I see you on the couch already taking a nap because you were so full, only to rise later and eat another full meal. LOL. I hope you know how much we all miss you and the loss that we feel. Our hearts

have been broken beyond repair and your loss has changed us all forever. It was just not supposed to have happened this way and was not the natural order. There is not a day that goes by that I don't wish I could trade places with you. Amber is starting to have a real hard time knowing you are really gone and Harlie and Lukas have lost their biggest allie and oh how you loved them, but they know you did, and Amber will make sure they never forget you. Harlie misses her Uncle Chance so much. I developed some old film and in those pictures were some pics of you and Harlie when she was just 2 years old. As usual, you were holding her and had your usual adoring look for her. You loved her as much as a father from the day she was born, and she knows that, and the reason...because you showed how much you loved her until the day you died. That is why she will never ever forget her Uncle Chance, you were a huge part of her life and

her yours. Not many nieces have 25 year old uncles that would spend so much time, but you did. But you were that way with all the family. You loved your family and we loved you. I know there were times you thought otherwise when some of us were just trying to get you to grow up during that 20-23 year old time frame. We might have gotten frustrated with you, but never did we not love you. But with the kind heart that you always had and the emotional person that you always were, sometimes you took things harder than they were. But we loved you always. Then we have watched you flourish over the last few years and you had your life finally planned in a good direction and all you talked about was wanting to get married and have kids of your own...you were going back to college and then you were taken away from those dreams. Just not fair. Even that day, an hour before you died, remember the conversation you and I had? You do and I do....and it just kills me that you were so happy and talking of all your plans and excited and you were so happy to be home, even though you had only been gone a day and a half...that's how you were, never liked to be far from home for long. Then...the last thing that any of us, including you, could have ever imagined, happened and you were snapped from your future, and our lives. Not a minute goes by of any day that I don't think of you and miss you. I love you...Mom

Michael

How are you and your family doing? I never had alot of friends growing up. When I met Chance in 2002 we hung out and became really close. Over the years Chance and I became really close with one another almost like brothers! Chance was the only friend Close to me that understood me and all the hardships that I was going through. I remember I saw him over at Walmart off of 249@ Spring Cypress 2 days before he passed,we talked and caught up with one another. The Last thing I told him was how much I enjoyed our Friendship & how sorry I was for never being around as much as I would like to have been. I Miss and Love Chance with all my Heart!! I feel as though I'm going to wake up from this Horrific

Dream and everything never happened. Once again thank you for the invite. Take care and be safe.

Michael Chavarria

Nikki

I really hope that you know that I truly loved and still love Chance with all my heart. He knew because in our last conversation I told him how much he meant to me and how much I loved him. I almost broke his heart and then I realized how much I wanted him to be every part of mine and my children's life. I will forever cherrish my last conversation with him. I am so glad to be able to continue to be in touch with you. You were Chance's world. He always talked about his momma. He loved you more than anything and he let people know it. Oh, and he wanted your old Passat really bad and his plan was to try to talk you into letting him have it....lol.

Ames

You know, I don't think Chance ever knew a stranger. When he passed I found out we actually had a lot of mutual friends that I didn't even know we had. One of my coworkers had even gone to high school with him. I always knew Chance had a wide variety of friends, but I never realized just how many people's lives he touched until afterwards. And he was always the most and very respectful! A couple of times we were all hangin out he answered my cell phone when my mom called and he just talked with her like he knew her all his life and for 5 or 10 minutes or so and he had never even met her! The weekend before his trip we were supposed to go see Brad Paisley at the rodeo but at the last minute plans changed and I remember my mom was so disappointed because she was so looking forward to finally meeting him. She was very glad I had such a good friend that he was so protective of me.

Lindsey

SHELLI,

ITS FUNNY YOU SAID SOMETHING THE OTHER DAY ABOUT CHANCE'S LEATHER JACKET. I KNOW I HAVE MENTIONED IT ON HIS PAGE A LONG TIME A GO BUT THAT JACKET IS WHAT MADE CHANCE, CHANCE. I MISS SEEING HIM IN THAT JACKET. YOU KNOW I THINK HE WORE A LEATHER JACKET SINCE JR HIGH SCHOOL. I WOULD LOVE TO SEE IT SOMETIME. YOU KNOW HOW MUCH I CARED FOR CHANCE AND EVERYONE HAS THERE OWN MEMORIES OF CHANCE MINE WAS HIM IN THE LEATHER JACKET. I MISS HIM SO MUCH IM STILL WAITING ON IT TO GET EASIER OR DIFFRENT BUT ITS NOT IM STILL ANGRY AND VERY SAD. EVERYTIME I GO TO HIS PAGE I CRY. TRUE FRIENDS ARE HARD TO FIND AND CAN NEVER BE REPLACED!! I THANK CHANCE HE HAS BROUGHT ME YOU CAUSE YOU TOO ARE A SPECIAL FRIEND TO ME AND HAVE MADE AN IMPACT ON ME THAT I WILL NEVER FORGET. I THINK CHANCE KNEW I NEEDED YOU TO TALK TO AND HELP ME HEAL AND MAYBE THE SAME FOR YOU. HE HAS HIS WAYS..LOL BUT WHAT HE DID LETTING US MEET WAS A BLESSING.

LINDSEY

Nikki Spaugh

You know, I just logged on to my page. As soon as it loaded I saw that beautiful face of his on the mood update. My heart just sank into my stomach and tears are pouring down my face. It was almost like I thought he had written something on here himself. It still hurts soooo bad that he is gone. Please continue to fight for him.

xoxo, Nikki I know you won't get this babe, but I really miss you. It's so hard trying to get used to you not being around. I have so many regrets from the past 5 years and it's hard to remember the good things sometimes. You were it for me. I never told you that. When everything in the world was going wrong, you were who I called. When everything was going right you were the first to know. Just yesterday something was going pretty rough and I picked up my phone out of habit and searched for your name. Then it hit me; you wouldn't answer. I can't count the times in the past week that I've thought about calling your phone just to hear your voice. I miss it so much. I miss your smile and your jokes. I know your up there looking down on me and you will give me the strength I need to deal with this. I'm sorry I didn't come to your service. I know it's stupid to apologize on here, but I know you will see it from up there. I hope you understand. I wanted to so bad, but I couldn't force myself to go. I don't want to remember you like that. Laying still in that box isn't you. Your the guy who tosses and turns all night and twitches his foot cuz he can't stay still when he's trying to fall asleep. I want to remember you the way you looked the last time we saw each other and you waved goodbye to me from your driveway. The thought of you always made me smile, and now that smile is a little sad. Me and you, we would made it work. I wish you could have met my family, and me yours. Mine would have loved you. I was going to ask you to go with me to my brother's wedding in August; it would have just felt right. I know you would have said yes. This last week I have been so confused by what I'm feeling. And ashamed at times. I miss you so much it hurts, but for a while I was so mad. I was mad at the people who hit yall cuz yall did nothing wrong and there was nothing you could have done to prevent it. What made me feel the worst was I was mad at God for taking you so soon. You had so much left to do and you were doing so great at getting it done. You had come so far since we met. You were always an amazing guy, but you did a lot of growing up in the past years. I hope you realize by all the people that showed up to your service, that you were so loved. I wish the last months of your life weren't spent dealing with someone else's mess up, but you were taking it in astonishing stride. The hardest part to grasp is that I talked to you just 15 minutes before you left us. It really makes me realize just how precious every moment and every conversation really is. I didn't want to learn that by you being an example though. I'm thankful that we were back on good terms and you knew that I didn't hate you. Truth is I loved you. And even though I didn't tell you that night, I know you knew. You always knew. I woulda spent the rest of my life regretting my anger had we not cleared the air. You were very special to me from the day we met, and I will never forget the memories we made. You will always have a place reserved just for you in my heart. I miss you more and more everyday, but I know the pain will fade eventually. You're in a better place where no one can hurt you now. I love you Chance. R.I.P. Try not to give em to much hell up there.

Heather Siems

Hi Shelli, this is Heather Siems. I am the one you contacted a few weeks after Chance's passing. I had left a few voicemails on his phone and did not know he had passed and you contacted me to let me know what had happened. We had talked a few times after that because I had asked you for a DVD of the pictures and the memories you had put together for everyone to remember Chance. After giving you my address I don't believe we had talked again. Chance's was a very good friend of mine whom I had spoke within at least twice a week for the last year or so. I met him about two years ago and had stayed very close with him. Always had wanted to meet you because he spoke very highly of his family but never had gotten around to it. Now I wish I would've tried hard to meet ya'll. Thank you for adding me, I greatly appreciate it because I don't have very many pictures of Chance and his myspace is a great way to remember him by:)

Thanks very much again, Heather

Kami Knowles

It seems like just yesterday we were living on Slippery Creek. Time go's by so fast.

I just want you to know we loved Chance like a brother. He was always there for my brother and I. And he always took up for me in school. If we weren't at our house, we were at yours (even when we weren't supposed to be...lol) or down the street.

When Ashley told me about Chance's passing it blew me away. I had to leave work early b/c I couldn't stop crying. I had just see him a Big Texas not too long ago. I can't even think of the pain you are going

though. As a mother now I would have just lost it. But it makes me cherish every minute of his life.

If you need anything at all please email or call.

Hey pumpkin! I miss u all the time and still think ur going to show up at my front door to surprise me like u've done since we where 11!! I miss having u by my side through thick or thin!! U have never left me without a helping hand! Remember when Sheana broke her leg and no one but u would help me get her cast off bc it was so muddy out? U came out and helped while Curtis and my mom used the opportunity to take pics and get a good laugh! I feel like it's not real even though my heart hurts when I want to talk to u or see u. I know that u are in a beautiful place where u feel no pain and that gives me peace! U would be so proud of how strong ur mom and sister are being. They have been fighting so hard to get justice for u!! U would be happy to see that most of the group has stayed in touch since u brought us all back together. Wish u could be here!!! I will c u in my dreams, and I know u will be watching over us all!! I hope in heaven they have our river rat deck! (Our happy safe place) Keep my seat warm! Just listen and u will hear me talk to u every day!! U will be alive forever in all of our hearts, minds and souls, never forgotten!! U touched so many people in ur time with us! I have been so very truly blessed to have u as a part of my life! I'm honored to have have the privlige of being ur friend, and thankful for the family we created with our friends!! I love u!

Not a day goes by that we don't have a memory of you. You were such a cute sweet boy growing up and full of life. We will never forget some of your antics and what a tease you were. Gransons are special and you certainly were to us. We try to deal with "Why" and come up with the answer, God had a purpose for you and I believe that will be with Para and Sad. I think of the past holidays and you will be missed so much but you will be with us in memory. Can't express our love and the loss we feel. Know you are in good hands and you are happy. Keep smiling and sending us little messages. Love never ending. MiMi and PaPa

Mom

Going to miss you helping me cook Thanksgiving Dinner. You have always helped me! It will NEVER EVER be the same again. Remember when we did dinner at the Townhouse, we had so much fun and we made such a mess. And then last year, when I was recovering from my surgeries I could not have done it

without all your help! I miss and love you so much. Not even sure how we will make it through these holidays. The happiness of the holidays will be gone forever.

I love you, Mom

MY ANGEL:

I KNOW I HAVE AN ANGEL. HE WAS SENT FROM HEAVEN ABOVE TO PROTECT US EVERYDAY, AND TO GIVE US LOTS OF LOVE.

YOU HELP ME WHEN I'M LONELY.

YOU SIT BY ME WHEN I CRY.
YOU ENCOURAGE ME WHEN I'M DOWN
AND I HEAR YOU TELL ME TO JUST TRY.

I CAN'T WAIT TO SEE YOUR SMILING FACE AND THANK YOU FOR BEING THERE, FOR GIVING ME THE STRENGTH I NEED, AND ALWAYS HEARING MY PRAYER:)

BE WITH US TOMORROW!! WE LOVE YOU AND WILL CONTINUE TO DO WHATEVER WE CAN FOR JUSTICE TO BE DONE. I MISS YOU AND WILL ALWAYS BE HERE TO HAVE YOUR BACK!!

LOVE YOU, LINDSEY

Amy

Hey Chance.

Hope Halloween was good in Heaven! Sure miss you down here bud. You always knew just what to say when things got tough. When I felt like I wanted to just kick the next person's ass that pissed me off you knew just how to make me laugh. And if that didn't work, you were always willing to sit and have a drink to calm my nerves! lol We had alot of good times while you were here. I still catch myself picking up the phone to call you just to talk about whatever. There's no doubt I still miss you like crazy just like everyone else. I'm glad your road to justice has begun. You have so many ppl here fighting for you. And of course I know we all have a helping hand from you.Love you buddy

You were layed to rest 7 months ago today. Worst day of my life! did not want to let you go that day as I knew it was final. But I now know where you are always and forever and you are safe from harm and in the arms of God and will be protected for an eternity. I cannot wait until I meet you again and then there will be no more tears! I love you and miss you, Mom

Today is 7 months, and they have been excruciating one's. Time keeps moving on, yet it seems to stand still. The reality of your loss is harder each day, and the holidays are coming and IT WILL NEVER EVER be the same again without you. Its just so unfair! I hope you are taking the time to slide on the rainbows and ride all the rain drops!

Sending my hugs and kisses! Come see me in my dreams sometime.

EVERY MONTH THAT GOES BY ONLY GETS HARDER! I THINK ONCE WE GET JUSTICE FOR YOU WE WILL HAVE SOME PEACE. I HAVE A LOT OF REGETS YOU KNOW WHAT THEY ARE...I JUST WISH I HAD MADE MORE TIME. I DIDN'T KNOW THAT I WOULD NEVER GET THAT DINNER DATE TO TAKE THE TIME TO CATCH UP ON LIFE. I GUESS I TOOK YOUR TIME ON EARTH FOR GRANTED BECAUSE I DIDN'T KNOW A SELFISH GIRL WOULD TAKE YOU FROM US. I COME SEE YOU ALL THE TIME NOW BUT IT IS NEVER WHERE I IMAGINED FOR YOU TO BE. I WILL BE THERE NOV 5. WE FOUGHT AND WON MANY FIGHTS TOGETHER GROWING UP AND THIS IS ONE I WILL FIGHT WITH YOU AND YOUR FAMILY EVERY STEP OF THE WAY!! THIS TIME YOU CAN'T HOLD ME BACK..LOL!! THANKS FOR STILL BEING MY FRIEND:) I MISS YOU SO MUCH CHANCE!!

Mom

Mom misses you so much. I still do not understand why this happened. IT SHOULD NOT HAVE. I have so much disbelief and it is so agonizing that I will NEVER see you again! I am so MAD! You can count on me to make sure all parties that contributed to your unnecessary death, will have to answer for that! As each day goes by and the more I realize you are really gone, the more intent I am to work as hard as I can to ensure we do not fail in justice for you! And it will also be for other families and help so that they are less likely to endure these same events. It happens ALL to often! I MISS YOU AND LOVE YOU AND WILL ALWAYS BE HERE FOR YOU! Sending hugs and kisses! Please send me a hug in my dreams!!

I Miss You!

Lindsey Phillips

We thought of you with love today,
But that is nothing new.
We thought about you yesterday,
And days before that too.
We think of you in silence,
We often speak your name.
Now all we have is memories,
And your picture in a frame.
Your memory is our keepsake,
With which we'll never part.
God has you in his keeping,
We have you in our hearts.

I MISS YOU SO MUCH AND IT DOESN'T GET EASIER. BUT I HOPE YOUR FLYING HIGH AND HAVING A BLAST. DON'T WORRY ANYMORE CHANCE ABOUT THINGS HERE. ITS OUR TURN TO TAKE OF THINGS FOR YOU!:)

LOVE YOU ALWAYS, LINDSEY

Lindsey Phillips

I may never see tomorrow; there's no written guarantee.

And things that happened yesterday belong to history.

I cannot predict the future, I cannot change the past.

I have just the present moment, I must treat it as my last.

I must use this moment wisely for it soon will pass away, And be lost to me forever as part of yesterday.

I must exercise compassion, help the fallen to their feet, Be a friend unto the friendless, make an empty life complete. The unkind things I do today may never be undone, And friendships that I fail to win may nevermore be won.

I may not have another chance on bended knee to pray, And thank God with humble heart for giving me this day.

I MISS YOU SO MUCH!! I AM SO HAPPY THAT THINGS ARE AT LEAST STARTING TO COME TOGETHER!! WHEN I GET DISCOURAGED I KNOW I HAVE TO LEAVE IT IN GODS HANDS. I WILL BE OUT TO SEE YOU SOON! YOU WERE ALWAYS SUCH A GREAT FRIEND AND PERSON AND YOU WOULD HELP OTHERS BEFORE YOURSELF. YOU ARE A SPECIAL ANGEL!

XOXO, LINDSEY

Mom

I know you have the best seat in the house there is to watch your Football Games. I wish was sitting with you watching a few games. You loved watching games in the Theatre Room. I can still see you all laid up all day in that room eyes stuck on that screen! Especially on Thanksgiving Day! I will miss that and you! WILL NEVER EVER BE THE SAME THE REST OF MY LIFETIME! I will have that Apple Crunch Pie for you on Thanksgiving. Won't eat it, but it will sit there for you as always!

Love and miss you, MOM

Working Target Hunger tomorrow. Amber is taking your place since you always volunteered with me. The staff will miss you this year. They always made comments to me on how nice and respectful they thought you were and appreciated ho HARD you worked when you were there and took charge of everyone! LOL

Lindsey

HEY CHANCE,

I AM SO FRUSTRATED TODAY I FEEL LIKE I HAVE LET YOU DOWN. I KNOW YOU WOULD SAY I HAVEN'T AND YOU WERE PROUD THAT I HAVE AT LEAST TRIED. I DONT MEAN TO BE SELFISH BUT IM TIRED OF CRYING EVERYDAY CAUSE YOUR NOT HERE AND NO JUSTICE FOR YOU HAS BEEN DONE. I WANTED AT LEAST THAT FOR YOU!! I KNOW YOU WILL HELP US AS MUCH AS YOU CAN:) SO MY ANGEL PLEASE GUIDE US WHERE WE NEED TO GO AND WATCH OVER US THROUGH OUR JOURNEY.

I KNOW WHEN YOUR WITH ME I CAN FEEL YOU AND I THANK YOU FOR THE WONDERFUL FRIENDS AND FAMILY YOU HAVE BROUGHT INTO MY LIFE. I THANK YOU FOR BEING A GREAT PERSON AND FRIEND. HELP ME TO NOT BE SO ANGRY AND SAD I KNOW YOU WOULDN'T WANT THAT.

XOXO, LINDSEY

Lindsey

Missing someone isn't about how long it's been since you've seen them last or the amount of time since you last talked.

It's about that very moment when you're doing something and you wish that they were right there with you.

YOU KNOW I MISS YOU!! I WANT TO THANK YOU FOR BRINGING ME YOUR FAMILY AND

SHARING YOUR MOTHER WITH ME. SHE REALLY MAKES ME LAUGH!! BUT SHE ALSO MAKES ME MISS YOU EVEN MORE. I DON'T WANT YOU TO WORRY ABOUT ANYTHING EVERYTHING WILL GET TAKEN CARE OF. YOU HAVE A STRONG TEAM OF LADIES WORKING TOGETHER. I KNOW YOUR WITH ME CAUSE I FEEL YOU AND IM ANGRY THAT I CAN'T SEE YOU. PEACE WILL COME TO US ALL SOON:)

LOVE YOU, LINDSEY

Amy

hey bud

can't believe it's already been 6 months. even in our "fights" we never went this long without talking! Seems just like yesterday me, you and terrell were sitting in ur grandparents driveway freezing our butts off trying not to be to loud. You were trying to prove him wrong bout some pythagoreom theorem, but all of us had had a few so no one knew what the heck any of us were talking bout. Silly as it sounds, I still have those golf balls we "accidently" took from Mountasia when we got the crazy urge to play putt putt in the middle of winter. Yours is always with me. It's a weird thing to hold onto, but makes me feel little bit safer. You always were lookin out for me and trying to protect me. I miss that the most. Luv ya Chance! Hope your having a ball up there in heaven.

I miss you so much! They say the days get easier....they don't. I still cannot believe you are gone! This week have had many thoughts of how you would have been taking care of us all and kept us up to date on everything we needed to know. That is how you were. Today is 4 months since we layed you to rest. Never thought in a million years I would never see you again and have to visit you in a cemetery. It is still unfathamnable that is where you are. A mom's worst nightmare. I still think of our phone call that night and neither of us having a clue it would be the last. I would trade places with you in a second. But that is not to be. All I can hope fr, is that you are happy and that I WILL see you again one day. Waiting for that is the hardest part of being left behind. I love you and miss you, Mom....Wait for me!

Sheri

Hey Chance! I was just now able to get back on my space to see your space (hehehe) anyway you had and have so many people that love and miss you my goodness boy you sure made an impact on everyone around you! I knew you more as a little boy than as an adult-I so wish that I had been around you more.I know that Papa Pickle is with you there and we will all be one day1! The girls and I went to the cemetery Tuesday and WOW what a place you have there!!! I love you and miss you!

Mom

I MISS YOU!!!

I WAS OUT AT YOUR CROSS TODAY AFTER WORK AND A LADY STOPPED AND CAME OVER AND ASKED IF I WAS YOUR MOTHER. I SAID YES. SHE SAID SHE FELT A STRONG URGE TO STOP AS SHE HAS SEEN ME THERE ON OTHER OCCASIONS ALSO. SHE LOST HER DAUGHTER 4 YEARS AGO AT THE AGE OF 17 ON CYPRESSWOOD AND STUEBNER AIRLINE SHE IS ALSO BURIED OUT BY YOU. WE EXCHANGED #'S AND PLAN TO MEET FOR DINNER THIS WEEKEND. I FEEL LIKE I WAS SENT AN ANGEL. SHE KNOWS HOW I FEEL AS SHE HAS BEEN THERE AND IS STILL THERE. WE BOTH DISCUSSED EACH OF YOU AND WHAT WE MISS.

I FEEL YOU HELP SEND ME THE LITTLE BLESSINGS THAT I GET AND KNOW YOU ARE

I LOVE YOU....MOM

Mon

We had a small celebration for you last night at the cemetery. Me, Amber, Ben, Harlie, Lukas, Mimi, Papa, Aunt Rhonda, Uncle Mike, Kylie, Billie, Candi, Alex, Steven Mim and his wife and baby...by the way Steven and his wife are 14 wks pregnant with #2. Justin could not make it, he was in Austin in his cousins wedding and Curtis moved this weekend. Bittany was out at the cemetery earlier also. She is still so distraught. I have received many emails over the last few days from all your friends on how much they miss you...they said you were the glue that kept everyone together and of course kept the laughter at an all time high. You will NEVER be forgotten! I hope you received the balloons that Harlie & Lukas sent you to heaven. Aunt Rhonda sent you some also. We did a dove release to memorialize your BD and the install of your headstone as a finality to your resting place. I released the Spirit Dove and was so proud to get to do that. I felt as though I could feel you and hear you. I know you were watching us all. I regret that we were not celebrating you being here. And last year your 25th got over shadowed with the preps for my wedding on the 21st. But even though, you and I had the best time. I will treasure that time forever along with the entire family. I still remember you standing up at the alter and you were crying when I came down the isle. I didn't cry until I saw you crying. We all still talk about how much fun we all had and especially you that weekend. You and your sister made me proud that day and made me feel so loved. I hate that my marriage did not work out, but life is funny in those ways. With all the problems with Al's kids that they gave me and then when you passed, I just could not see me staying there. You and I discussed that also just an hour before you passed. When you passed, I then realized, life is way to short to be short changed like that. I will miss you my lifetime...Love, Mom

~The Broken Chain~

We little knew that morning, that God was going to call your name. In life we loved you dearly, in death we do the same. It broke our hearts to lose you, you did not go alone, for part of us went with you the day God called you home. You left us peaceful memories, your love is still our guide; And though we can not see you, you are always at our side. Our family chain is broken, and nothing seems the same; But as God calls us one by one, the chain will link again

Mom

Chance, we lost you 15 weeks ago this evening at 8:30pm. I will forever never forget that call. And regret I was not there to help you and protect you from harm. I know you are out of harms way for eternity as you are now in God's arms and he will never allow you to be hurt ever again. The days go by so slow but again, so fast. Only seems like yesterday and sometimes a lifetime ago. You were my only baby son even though you were a grown man. I will miss all that could have been. My memories of you make me happy, laugh and they make me cry. Your in my heart and I think of you every minute.Love, Mom

On the day that God took you away, i thought i would die I wondered where the time went i asked a lot of why's With people all around me i felt alone inside

From all there words of comfort i couldn't seem to hide
I thought i might be dreaming ,that i'd awake and find you here
I thought this can't be happening ,as i wiped away another tear
On the day that you where laid to rest my heart broke yet again
I wondered if the pain would end, but mostly i wondered when
It's hard to be without you at times the day's seam long
Sometimes i just sit crying when there 's really nothing wrong
I wish we'd had more time before your life was gone
I hope you're happy and peaceful my dear and precious son.

I miss you, Love Mom

Hey sweetie,

You know, everyone knows how much your mom hurts and how tough her sadness is yet, some people find it the opportunity to try to make more problems for her. Don't you worry because while you are up there watching over her, there are people down here watching her back and yours. Payton, Ethan and I miss you greatly. Keep sending those dimes. I love you.

We lost you 3 months ago today at 8:30 PM. I still remember our phone call at 7:30 PM and will forever be thankful that I had that phone call and talk with you. And then you graced me with the voicemail that I will

forever have to be able to hear your voice, so I can never forget what you sound like. I miss you like it was yesterday, yet it has been 3 long months. I hope you play lots of baseball and keep all in heaven entertained. We know you are watching over us and I love you for that. I will see you one day soon and we will forever be together again.Love and Kisses, Mom

I wish I knew what to put down here. I added you on here sometime back because I was thinkin about you for some odd reason. You were my friend in 5th grade and we lost touch going to middle school. After adding you what seems to be 14 years later, and now we part again. I had planned on seeing if we could get together sometime when I graduate from SHSU this summer, I guess I'm to late for that.

I send my wishes and one day I'll catch up to ya. Then we can sit down and see whats been going on.

A Message From Fleaven

Perhaps you aren't ready yet to have to say good-bye ... Perhaps you've thought of things you wish you'd said-well, so have I. For one thing, I'd have told you not to worry about me ... I'm with the Lord in Heaven nowyou knew that's where I'd be. I'm sorry that you're feeling sad, for I'm so happy now... I've asked the Lord to ease the hurt and comfort you somehow. It's hard at the beginning, but I know you'll make it through. I hope it helps to know that I'll be waiting here for you.

it seems like it was just yesterday that we were playing basketball and tradeing baseball cards, i will miss you i looked at you like a older brother. I will pray for you and your family bye chance.

Mom

Lukas' 3rd BD was yesterday and I bought him his 1st leather ball glove and baseball from you. It was so strange, he dug through all the presents and dug that out and he was so excited and he played with it rest of his party...so weird. But I had thoughts of how proud you were when you started playing ball for the first time. You lived and beathed baseball as a child. Maybe Lukas' will have the same drive as you did for sports. He loves anything that involves a ball, except soccer. He is crazy for basketball to.

I came home last night and thoughts of your laugh kept going through my mind. When you laughed, you laughed hard. I miss that laugh! So does the rest of the family and your friends...we all talk about how much you cut up and how much you laughed. Such the prankster you were.

My memories are so many and so missed. I have a hard time thinking of all those memories still because it breaks my heart that the future memories we would have had, have so selfishly been taken from us. Its still just unfathnable you have been taken from us.

I love you and miss you and my heart is broken forever!

Mom

Aunt Linda

Shelli—I hope you will indulge me as this memory is from my childhood, but I hope you will enjoy it and find something of Chance within it... he was a charmer and found ways to "charm" folks in unique ways. When I was in the 2nd grade during our Halloween Festival at school I was voted the princess of the class. Yes, there was a prince as well. Both of us were responsible for raising funds for our school. Aunt Nita was so popular and knew so many people. She took me around to many places including the apartment house she and Uncle Bob owned and helped me collect coins from everyone. I thought this was a teriffic idea! I mean it was like manna from Heaven... So I smiled, collected the coins AND then went back to everyone

saying how poor we were and we needed money just to eat and pay our rent (there's another story connected to this your mom may remember). Of course, they gave me MORE coins. My class won the fundraising competition for our school, but I got in trouble after the fact because the tenants in the apartment house told Aunt Nita what I had done. I had to apologize to everyone and return their money, but no one would take it back! Everyone laughed and said I was very enterprising and as long as my school received the money it was worth it. The bottom-line was that my bottom stung a long time after!!!

Sister 10/28/08

your wings.

It has been 7 months the day I moved I know you were there I got 2 dimes at the hardest times and my FIRST feather it is beautiful. It does not seem like 7 months so sad. I was unpacking and found so many things. Lots of pictures it was a hard night and today is not easy. Harlie's b-day party was great you were there I have you in the pictures I knew you would not miss it for the world. SO many orbs in ALL of the photos crazy. We all miss you so much life is never going to be the same ever. So many peoples lifes have been turned upside down over a careless mistake and a manufacuter defect. This could all have been prevented. I am going to need your help now that the kids and I are alone protect us and keep us safe in

Sister 10/20/2008

Oh remember all of our Halloweens. You were always sick with a migraine only because you would work yourself up all day and by the time we went you had a migraine. I always had to take your bag with me and tell people my little brother was home sick and I had his bag. At this time in day I do not really take the kids trick or treating we go to the church and a few neighbors and that is it not like when we were little and would stay out for hours. Dress scary this year and come with us you always liked to scare people JUST MAKE SURE it is not Me HA HA you now how scared I get so easily. Lukas is going to be batman and Harlie is going to be a princess. You always wanted to be something scary or gross and one year a devil

that was one of the years you were the sickest at Aunt Rhonda's just laying on the couch out of it and we had to bring the bag back to you and the next day you would enjoy it. Can you beleive Lukas's b-day is the day after halloween I bet he will enjoy that when he gets a little older you would have loved that also if you were still here I bet you would have had some great parties and times with him. The kids miss you so much we all do. We talk about you everyday to them and tell them about you. Poor Lukas associates every cemetery we pass with you he wants to stop at all of them and see Chance he is so cute!

anything in the world.

Just thinking about Harlie's birthday tomorrow and Sat for her party. Remember her at her 1st birthday at the park she was a little bald thing running around chasing after you in the field area. She thought you where the icing on the cake so to speak HA HA she still does. She lost a best friend this year. She will have a great b-day make sure you do the gymnastics with her she is excited about that. First year we are not having a home party. She asks about you all the time and talks ALL the time about you to everyone she meets. Always about her Uncle Sister. She cherishes the pink crystal rock she has it on her dresser and almost everynight she has to hold it so sad for me to watch her but it helps her you would think you were her dad with the way she hurts I guess you pretty much were that for her. She loves you more than

Mom

Was thinking today about the summers as you and Amber being teenagers and us going to the lake and staying on the house boat all weekend long. We all had so much fun, riding seado's and fishing. You would fish for hours off the dock, and with leftover hotdogs! You caught catfish with those like there was no tomorrow. But we would laugh because you hated to take them off the hook and getting stung. You always had all the girls down there on the dock chasing you to! And you, Cory and Amber were always taking off on the wet bikes and going off exactly where we would ask you not to go. You guys always

thought us mom's (me and Tana) did not know that. We did! LOL Those days seem a lifetime ago. We love and miss you and are fighting of you and always will! I love you, Mom

Sister 9/30/2008

Was thinking about you this weekend as always. Remembering when Dad would scare us so bad. One time he came to the window of the room we were sleeping in, in white clothes all over and he said turn off the fan you were closest to the window and you would not do it to save your soul so I reached over you to do it and he grabbed my arm you catapulted over me and ran out of the room leaving me all alone. I just froze and started screaming. A few minutes later you came in the room and said it is ok it was just dad I looked up and there you two were him still dressed like he was and I started to scream more and you thought that was funny but of course you were not the one to turn off the fan either

HA HA! I just laugh at all the times he scared us so many.

Tomorrow will be 6 months man it only feels like a month or less has gone by! I cried this morning on the way to work thinking of the times we had growing up. All the camping trips, weekends at MiMi and Papa's the apartments and all the crazy things you would do. You and Chris would get into so much trouble I remember the one time Jordan and I did not listen and went swimming at the pool without an adult or permission at that and she did a back flip off the side and cracked her head open we could not find either of our parents and we were freaking out you and Chris did not help at all you just laughed saying at least this time it is not me thanks for taking this one HA HA I was mad but you were right I was not the

one usually in trouble for mischif you were. I was talking this morning about mischif and that is why I thought about that. You did not care one way or the other you just did things me no way I thought twice about what would happen to me, you just did and delt with it later NO WAY and NO THANK YOU. But now we all miss that. I am sure Lukas will be you to a T and I am not ready for that I just hope I can remember the things you did and learn how to deal with it differently and help him out he is such a rascal he will be you all the way I am sure of that. He already does so much like you ALL BOY! He even looks like you everyday more and more he is getting YOUR eye color the only thing he will have differently is that dimple of his oh my will that be a lady charmer. We miss you so much here!

Reading Amber's memory yes it is so hard as days go by. I had to a meltdown last night. Had so many thoughts of if you were here how you would have us all informed and you would be out helping everyone. Not to be. I laugh about Amber's memory about when we had storms when we would have storms and I would get you out of bed and make us go to the bathroom in the hall by your rooms and bring your pillow and blankets and have you stay there while I watched what was going on with the storm. You both would laugh saying MOM we will be ok, let us go back to our beds. You guys would sit in there calling me a NUT and CRAZY and be laughing laughing. Over the years you have always made a point to tell all your friends about me making you get in the bathroom or sleep in the tub during the storm. I vividly remember reminding you you would have kids one day and then you would be doing the same thing...so go ahead and laugh! And here we are and your sister did the same thing...protecting her babies. We all miss you and love you so much! MOM

Sister 9/19/2008

Today I am angry at the fact that you are gone. I am not as sad today as I am angry! WHY did this happen and why is she STILL free. . Today has been hard to deal with. Heard your song last night out with Kylea Billy Chelsea Matt Amber Alan and Jennifer. We saluted you when it came on and sang it for you! Did you see us? We had fun Chelsea really misses you as well. It has really hurt her that she has lost you and Brandon two people she cared about so much. We are all here for eachother we will make it through but some days are harder then others and this is one of those days. People say it gets easier NOPE they are

wrong it gets harder as time goes they need to use another word. I think it just gets different each day but not easier. Harlie really misses you so much. She still talks about Uncle Sister everyday and still cries over it she will never recover from this the way we all will it has changed her life. Please stay with her and protect her as she grows older. Be her angel in heaven and make sure she has the best life she can! ^i^ Miss and love you!

Sister 9/15/08

The storm is over... Mimi and Papa's house had damage. We got lucky we just do not have power I was sure that all the trees around us that something would happen but it did not. I know you helped us THANK YOU! We are expected to not get power back for a few weeks that is hard but we will make it. During the storm I remembered when mom would wake us up for storms and make us go to our bathroom. We would tell her she was crazy we will be fine and laugh but we would do it well I found myself being mom I grabbed the kids up and put them in the hall way and we stayed there through the whole storm. All that was going through my mind was all the times we had to do that. We would play games and laugh not knowing what it meant to have a storm come through I know now I guess it is a mother thing.

Mom

With the fall approaching soon, my thoughts wandered to Halloween. You used to get so excited about Halloween and trick-or-treating you would work yourself up into a bad headache and sometimes sick from all the excitement and all the candy! I even have a picture of you in your little red devil outfit and your black moustache drawn on your face and you were just laying on the couch watching what was going on around you because you did not feel good. Poor thing!

Then let's not forget Thanksgiving. You started a month before anticipating all the food! LOL Every week, you would ask to make sure there was going to be all the things you liked and wanted to make sure you had an apple pie all to yourself! Once the baton for cooking Thanksgiving dinner was passed from MiMi to me, you have always been here to help me cook and we had fun doing it. I DO NOT KNOW HOW I am going to be able to do it this year without you! I cannot even imagine being in the kitchen alone to cook Thanksgiving this year and you not here to eat your apple crunch pie.

For this year I was thinking of volunteering at Star of Hope Shelter in feeding the homeless, and then just all of us (family) going out for dinner, as I just could NOT have Thanksgivng at home without you here and I think all of us feel that way for this year. I think it would be a better tribute to you for us to go help someone in need instead.

Forever, Mom

I remember when we would ride dirt bikes and four wheelers we would fight over them and then get in so much trouble that niether of us got to ride. Then we got smart and did not tell when we got mad and just figured it out. We had the yellow dirt bike I burned my leg on the back and you took it in the shed and put it up. I went and got pants on and we came back out side I was standing behind it and you started it up my white pants got black oil all over them I just gave up at that time I bet you did that on purpose to have it for yourself HA HA;). Also the time when you and all your friends would go to the track and walk the trains. One of them fell into one of the cars and could not get out. We ran to tell dad he called the fire dept and Uncle Bruce was the first to respond thinking it was you in there he was so scared and mad at all of you for getting in it to begin with. Do you ride trains up in heaven? Harlie misses you sooooo much. Do you visit her? It hurts me so bad to watch her cry for you and talk about you. You where her everything. Just keep an eye out on her for me I am sure I will need extra help with her as she grows up;). Bye for now.

Aunt Linda

Dearest Chance, Sadly you never got to know your Uncle Bruce, but the two of you share an obsession for baseball. Years ago Bruce was a coach and umpire for Little League—he enjoyed that beyond measure! So next time you are up at bat give your Uncle Bruce a wink from me. Your Mom has become a shining star with her passion to bring awareness about speeding drivers and the importance of wearing seat belts. Her advocacy will help save so many lives. I know you are so proud of her—as we all are! I'm getting to know more about you from the memories on these pages. You have become very dear to me. My prayers are with you and our family as we rebuild our lives after losing you and Bruce. It's a comfort to come here and visit with you. Please know we are with both of you every minute of everyday. You are loved and will never be forgotten.

Sister 8/26/08

Harlie started K I am so proud of her she already knew questions on her first day other kids did not, I know you are looking down on her with a smile. I went to Colorado and visited a reservation I brought you back a rock and arrowhead I put it at your grave. Are you enjoying Heaven? I bet you got to meet our family on Dad's side are they great? Ask them many questions about indian life and somehow let me know what they say I am so happy you get to meet them if you wanted to. I went by a street in Colorado it was Wilcox St how funny took a picture. Mom told me about the night of all the odd things happenening. Take it easy at nights HA HA she has to get some sleep sometime HA HA. She is glad you are showing your

presence she has wanted that. I figured when she moved back to the old house you would show up over there. I got a dime driving to Wyoming. I had been in the car for 5 hours without getting out and for some reason I moved and looked down and between my legs was a dime on the seat no way it could have gotten there without you!!! Fly with the angels! ^i^ ^i^ We miss you here but we are getting through!!! Her .. trial should be soon help us out down here to get her punished. She took a life that was not complete and tore so many people up inside. I know if your seat belt had not malfunctioned and the damn door came off you would have had a better chance of surviving.

Sister 8/7/08

Today my boss was telling a story about a frog and it made me remember the time when we were little at Dad's and we had that huge bull frog and thought we could have it as a pet and decided to try to take it for a walk and tied a shoelace to it but it kept hopping out of the string and we would have to chase it down we spent more time chasing it down then actually playing with it. Also that time you had a hamster and wanted to take it for a walk as well and ended up breaking its neck. I guess we learned you cannot put everything on a leash. I am waiting for the times Harlie and Lukas try to do these things. That is what hurts so bad is having a boy and a girl the same distance apart and watching them grow up as we did it is going to be extremely hard I know you are watching them but I just rather have you here watching them. Each day gets harder not easier.

Sister 8/3/08

Oh man I am guessing right now you are looking down laughing at me. Yes I tried a new color and style on my hair did NOT work out ha ha ha you would be rolling on the floor if you were here. First thing mom said when I told her was man would Chance like to see that. I have to wait a while to fix it but I will get it back to the way it was no more expereminting with hair color I am just going to stick with boring brown hahaha. We miss you alot here but I guess you already knew that.

Sister 7/24/08

Today is 4 months. Seems like yesterday this all happened. I was in the car on the way home the other day and heard the yellow rose of texas and of course cried. I remember when we were all little at Mimi and Papa's and we would get in front of the fireplace and sing that song and many more. That is the one that sticks out the most. We learned so many songs from camp and they still stick with me to this day. Do you sing them in heaven? I remembered you always loved for me to sing and would brag about it that made me happy, now everytime I sing I think of you. I sing Amazing Grace ALL THE TIME for you I am sure you hear me. That was the one I always sang remember I am on camera doing that for homecoming man we were dorks but we had fun. I remember I was the crazy girl with braces that sang and you were the little "turtle" guy HA HA HA I know you remember that everyone does. So funny how you carried all your

books in your bag instead of putting them in your locker. There are so many things I can write on here that I remember but I will not keep you. I will be back later to right more things. Everyday something new pops into my mind. It has been hard but we are getting through it one day at a time. Harlie talks about you EVERYDAY not 1 day has gone by. She still tells everyone about you. Watch over her and keep that sweet baby safe from harm, I know you will.

MiMi & PaPa

I would always call you on your Birthday and sing Happy Birthday. After I would sing to you you'd say," Sing it again MiMi. I cherish those memories and sang it to you today and will every birthday hereafter. So many memories pop into my head and I'm so glad I have them. Know you will have a great celebration in heaven today and we're so thankful we had you, if only for a little while. You stone is beautiful. We'll be at your celebration this afternoon. Love you always.

MiMi & PaPa

Dear Sweetie,

Today is the 4th of July and it brings back fond memories of past years. All these memories will be forever with us. You wre and are a great grandson in whom we loved and adored. That will never change not matter what. Sister wrote about our trip to Glen Rose and how much fun we had. We did have fun and you both discovered life continued and you could still have fun without a

car radio. I remember you playing in our backyard for hours. You would be a cowboy for awhile and then you were a narc. You taught me so much about boys. Boys are special and a lot more

sensitive in ways that girls aren't. I don't know many grandsons that went with their MiMis and had a good time. I will never forget our trips, laughs, crys and joys we shared. However, fireworks were not your things when you were small. Scared you to death but later on your became too darig, tothe point We were afraid you would blow your hand off. Ha. I laugh so much about some of the things you did. There are a million memories left and will send those at a later Time.

Know you are happy and with us each day. Love MiMi and Papa

Mom

With 4th of July approaching it reminded me of when you were about 3 and I took you and Amber up to Tomball High School to watch the fireworks display. I thought you would love it. Poor baby, it scared you half to death and we had to leave. You were petrified from the loud booms, and you shook and cried. But then, as you got older, you were no longer afraid. As a matter of fact, I had to keep an eye on you with any fireworks, as you had no fear at all and one time about blew your hand up from lighting to many fire crackers in your hand and then you could not throw them fast enough. BUT..I do have to say it scared you

to and taught you a lesson and you did not do that anymore...you were about 13 or 14. That was one thing about you, when it came to danger, it only took you once, and you learned your lessons and you never attempted again. Even when it came to driving, you drove like a grandpa....we would laugh how you just kicked back, put your right arm up on the back of the seat and you would drive off like you were on a Sunday drive. You were that way even as an adult. Now non-danger things and learning a lesson...now that was all togther different.....LOL.....it was like grow up!!! LOL

Sister

I was looking out at the traffic at work today and it reminded me of the time we went with Mimi to Glen Rose the radio was broken and that was 5 hour drive. We played games and talked alot and laughed alot. It was quiet and all of the sudden I started making noises as the cars came by and you started it as well and we had Mimi rolling with laughter at us. I started to do that with the cars outside my window a minute ago and thought of you! Everytime I get bored I will do that and you can join me! It was so much fun and something you do not forget b/c it was so weird.

From: Chance to my family and friends

Keep my memory with you, for memories never die; I will be there with you, when you look across the sky. I will be there in the clouds, in the birds that fill the air; in the beauty of a fragrant rose, you will find my memory there. You will feel me in the tenderness of a tiny baby's touch; you will hear me if you listen, in the twilights gentle hush. When your hearts are heavy and you feel that you are alone; just reach down deep inside of you, for your heart is now my home. I will always be with you, I

will never go away; for I will live on in your hearts, forever and a day.

Sister

I remember when you got to go to Vegas with your friend. You were so excited and glad to go. You ahd a blast. Call from there and tell all of your stories. You got Harlie a shirt someone who loves me went to Las Vegas and all I got was this shirt! I still have that and I will keep it forever. You also got her a little shirt My Uncle Loves Me I saved that one as well that was when she was about 6 months old! She talks about you all the time. We miss you here!

MImi & PaPa

Good Morning!!! I think of you each day but esecially today. It's been 2 months to the day and I will forever remember that day. We talked about 4 or 5 times that day. I was so looking forward to you being home, even though I know you enjoyed your trip. The last time I talked to you you were so happy and told me you had a good time on your trip and how the girls thought you had a funny accent. But you were glad to be back. That was 7:33 and by 8:30 you had been escorted by Jesus to heavan. I was thinking this morning how fortunate we were to have been your grandparents, even though you reminded us at times you weren't 5 years old, and we cherised all our times together. I think of that day over and over and remember lunch on Friday and what a good time we had. The owner of the resturant said it was so uncommon for a Grandson to enjoy being with his MiMi and her friends as not many grandsons would not do that and have a good time. We did laugh that day. We all loved you. An will always remember and special days with you which was each day. Fly with the angels.

I just found out the news and wanted to express my deepest condolences to Chance's family. I grew up a couple of streets away from Chance and although we lost touch, I still remeber fondly all of the summers we spent hanging out around Bridgestone. He was the type of person that cared about his friends and always looked after them. He will be greatly missed.

aunt missy (machelle)

Chance,

The day you were born was so special, because you were our first BOY in the family for so many years. How excited we were when you were born.

Your mom was kind enough to share you and Amber with me for many years. Since I was the OLDEST sister with no children at the time, I got to borrow both of you and pretend. We had some seriously fun

times. I was remembering when we all were at Six Flags in San Antonio, then Schlliterbahn, all the trips to the Houston Zoo, and to McDonalds, and of course the toy store..

YOU were so sweet and helpful with Jon Jon when we all went back to Schlliterbahn after he was around 4 or so. You watched over him and helped him drag that tube all over the park.

Of course how can Aunt Missy forget the many times you all spent the night in my crowded little one bedroom condo, never complaining, because I had plenty of cookies and candy. WE would stay for hours at the local swimming pool and then come home and watch cartoons..

I dressed you all up and took you to see the singing Christmas tree at Second Baptist for many years. YOU so enjoyed the gingerbread tour and sat very still during the performance.

You were and are a handsome young man..

I had to laugh thikning about the time I took you and Jon Jon to eat for your birthday at TGI Fridays and then you both had a chocolate brownie SUGAR ice cream fix. YOU then escaped and got on the hotel elevators and just when I thought I would get you , you would shut the door and off you would go!! Tres Rios, OH BOY, did you and Jarred have fun. I remember the family that told me how nice you were because you took them on a very special hay ride..and you were in great shape from hauling all of those canoes. Thank you for all your hard work while at Tres Rios.. and even though you were scared of the animals, I do remember you would brush the ponies..and YOU did ride a horse at our family reunion!! You touched many lives and it showed.. There were so many people at your funeral, all of whom truly loved you.

How blessed I was to have you as a nephew.. we will keep your memory alive for many years to come and promote SAD all over Texas.. so help us if you can!!

Love you Aunt Missy

While it is easy to say that we know you are in a better place and we know that JESUS came and got you personally, (WOW>>) you are still missed so very much..

Was looking at your baby pictures last night and remembering what a beautiful baby you were. You and your sister both were such beautiful children. You were so sweet and huggable and you never cried, just always layed there and let people hold you and hug and kiss on you. But you were always a little hungry thing. Those times seem so long ago and then again, just like yesterday. I wish it was 25 years ago and just beginning. Oh how things would have been different. But God has a plan for all of us and we cannot control that. You grew into a true rambuncious little boy. In and on everything. Don't think that ever changed....hehehe. You loved being outside 24/7. It was always hard to get you you to come into the house. But...you were an early to sleep and early to riser. Hitting the pavement even before daylight ready to see the world and conger up what mischief you were after that day.

haha You LOVED sports and being a part of them in whatever capacity. I remember one fall season you could not play because I didn't have the money, plus it was just the fall season and no competition or scoring so I let that fall season pass. You were so broken hearted and I still remember that and am sorry for that. But we made up for it for the next 8 years. You were good at whatever sport you played. Baseball, Football, Track (real good in track), who would have known that small framed young man had that in him...but you did, and I was so proud. And All Men's Choir...well that was just something and you had developed that really deep voice then that you have now and how well you sounded in the group with your boys...Curtis, Justin, Steven, and Michael. Those were the days. Lukas, I think, will follow in those same footsteps. He loves anything to do with a sport that has balls. He is a lot like you, you know. Even looks alot like you as a little boy. He will miss knowing his Uncle Chance and we will never let him forget you or Harlie forget you. Don't think we have to worry about Harlie forgetting you, as you were the apple of her eye and her yours. She talks about you and misses you daily and will never ever forget you. I was so looking forward to your children someday because you had so much love for children and what a great father you would have been to your kids. But now you can watch over and mentor the one's we do have from heaven and they will soar and we will know that you have everything to do with all the grand things they will give us and we will thank you for that. May God help you soar in heaven and make you happier than you have ever been. That is my peace. I love you and forever miss you, and look forward to seeing you again which will be the HAPPIEST day of my life.

MiMi & Papa

Thought about you a lot today but that is every day. I think of your sweet smile and your teasing. I would like to see you come home with stories about work and how much you did in commissions. We painted your room a pretty blue because it was your favorite color. Today when I went to visit I prayed that we not question why you were taken from us. God had a plan for you and he lifted you up

to higher levels. You have entered paradise. We feel your peace. We will always love you and you'll always be our 25 year old grandson. Some of our patients have sent condolences and flowers as they were so fond of you and saw your heartfelt concern for them. I know you will soar with the angels and sometime ride that raindrop. Love eternally, MiMi & Papa

MiMi & PaPa

Today was our first Mother's day without you but your spirit was with us all day.

I thought back to the times we shopped for your Mom on Mother's Day. You always wanted to buy her a big diamond with your 5.00. These memories are so precious

and would not change them. Aunt Missy and Aunt Sandy were here and we had a petition signed to lower the speed limit on the feeder road. When you get 4 women who adored you together they make things rattle and roll. Be at peace knowing we loved you and still do. Hope you soar with the angels. Several of your friends stopped by to sign the petition. Put some new flowers out for you yesterday and PaPa checks everything out most every day. Love and Kisses.

Sister 5/6/08

Mom told me about you being sorry for visiting one of the kids and them seeing you. I believe that was Lukas you let see you. He woke up crying for us and seemed a little different when we went to get him. I know you said you were sorry to have let them see you IT IS OK!! They love you and I am glad you are watching over them with love. Also do not worry we will make sure they always know you expecially your Harlie she loves you sooooooo much I am sure you know that! it is ok to move on and be happy you do not need to be angry any more it was an accident and we are all dealing with it and will be ok! We need to know you are ok and happy there please do your best and let us know when you are. We love you and miss you.

MiMi &Papa

I think of you evreyday but yesterday you were more present than usual. I remembered the Saturday you and Terral left for Mississippi. Little did we know that would be the last time we saw you. I can still see you walking out the door and so happy about your trip. I was anxious for you to come home. But you are home and care free. We will always love and miss you.

Mom - 4/24/08

Today is one month since the angels came and took you to heaven. It only seems like yesterday. I think of all the crazy, funny things you have done and it makes me laugh and it makes me cry that all your little antics are no more. I think of you calling me in the mornings with your sleepy/deep voice and I miss that so much. I think of all the sweet things you did as a child and all the compassion you always had for others instead of yourself, and I love you for that. That is what Chance Wilcox was about. My heart just cannot take that we will never have the opportunity to see you place that same loving/compassion way with your own children. I think all the time...what if. We all miss and love you. I will be by to see you tonight and will be going to see Harlie at her school program. I know you will be there to.

Harlies(PaPa) 4-25-08

It was a month yesterday God called you home. He needed another guardian angel. Someone to watch Harlie grow and Lukas too. I know you are watching over your family. I did'nt get to know you that long. I do know you were a loving uncle to both of those kids. I'm trully sorry for your families loss. May you soar the Heavens above. The Lord only takes the best for guardian angel duty. I know you'll do a super good job. God bless you and your family

3 Years ago today you where in my wedding. So proud and happy to be there you looked all over for a purple tie which was great what guy would want a purple tie but you were ready to wear it. You loved to put on suits. I am not sure if you still have that tie but I will find out I would like to keep it in your box. It breaks my heart to look at pictures from my wedding and see you with Harlie and how happy you were with her I cry all the time that you will not be here physically with her but you are in her heart. She misses you dearly I am not sure if she will ever get over this loss and poor baby has so long to live with it. I am doing my best for you to help her over come her hurt please help me. I am sure you see her here crying and you are hugging her at night she knows and knew how much you loved her. At her wedding I will have you there with her in her bouquet and in picture I promise you that you will walk her down the isle. she will forever miss you. Every year on this date I will pull out the picture of you and her from my wedding and tell her all about that day with her Uncle Sister. Love and Miss you!

Sister 4/22/08

I month ago you passed. Harlie misses you each day. I wish you had more time with her but she will always remember you and will be there one day with you as well. I know you are now her gardian angel and I can rest easier at night knowing you are always surrounding her with your love nad guidence. You will forever be in all of our hearts. You touched many lives and even after a month your friends are still

missing you and hurting. Everyone loved you. You where a handful some of the time but everyone always seemed to stand by you and keep you going. They are all still here doing that. We will be going to court soon and I know you will be there with us helping the case. Love you!

MiMi and PaPa

I think of you everyday and remember that sweet boy we knew and loved so much You always put much thought into anything you did for people. Your gift of love was and will always be remembered. You expected little and gave a lot. We will always love you and watch over your Mother. All your friends tell different stories and we laugh. You were such a kidder at times. We loved you for that. I miss talking to you and you talking to me. As a grandmother that meant so much to me. Ending love.

MiMi & PaPa

You were our first grandson. I learned a lot from you and boys ways. You captured our Heart July 19, 1982 and that will not change. We remember your first haircut, your scrapes, your cries, and your laughter. Most of all we remember your playful ways and the things that helped you grow into the person you were. You really had a good time when we looked for your crystals in Hot Springs and you called them your diamonds. You were and are our diamond. We always had a good time and I cherised all those times. Our love was and is unconditional.

Chance:

What a handsome, sweet young man. My son (Justin Castillo) and Chance were very good friends...They made us so proud on the football field and singing together in Choir. I will always cherish the memories of them singing in their little group at the Hildebrandt pop show. ALL the girls were screaming and they LOVED IT.

Chance was always so spectful and that showed me that his mom raised him right. My heart breaks for them...I will pray for the strength you need to get through this. I can't even imagine the pain you are in...I don't think I could bear it.

PRAY constantly and talk to him often and it will get easier.. I am here if you need a shoulder to cry on.

MiMi and Papa

When you were born we called you the Michelon Man. you were so fat and adorable. From that time on you were our boy and adorable as well. We will miss you so much but we will remember your sweet smile and good nature forever. Love, MiMi and Pap

Chance,

I started taking care of your niece Harlie in October 2003 as a tiny baby till 3 yrs. She talked about her uncle sister alot. I will never forget the first time I met you when you came to pick her up & we opened the door her eyes got so big and she screamed w/laughter uncle sister!! I last saw you at Harlie's 4th birthday party where you & Ben were jumping in the moonwalk like kids with Harlie & my daughter

Amy Johnson

Chance,

We had so many good times together. We came in and out of each other's lives alot over the years, but we were instantly close from day one. You had such a great heart. I loved the way your face lit up when you talked about your nieces and nephew. I'll never forget that night you sang me that George Stait song in the middle of that crazy storm to keep my mind off the weather. You saved our fish Duke from an uncertain end and you definitely schooled me at the batting cages with ease. I'll never forget the talks we used to have. It didn't matter how late it was you knew you could always call me, and more often than not you did! Hanging out with you was always a blast. It didn't matter if we just drove around for hours, you showing me all the places you grew up, there was no other place I would have wanted to be. Even putt putt seemed less dorky when you were around. There were so many things I know you had left to do, but I know you are in a better place and God has a bigger plan for you. I know you're still going to be watching down on me just like you always did. Everyone that knew you was blessed to have you in their life and I know they cherished every moment. You will be greatly missed.

Jessica Schmidt

Chance,

I will never forget you. You were so much a part of my life directly and indirectly through Amy. I will never forget our late night whataburger runs and us talking about throwing Troy to alligators. I remember

the first night I met you. I thought you were so goofy cause you and Amy kept flirting and fighting with each other. We had so much fun those few times we actually hung out. I remember you being able to tell who I was on Amy's phone after hearing me gripe at you so much about yours and Amy's situation. But everything got better and you are so important to us and always will be. You were like a big brother to me and I will always love you for being there. I WILL MISS YOU SO MUCH!!!

~ Chance-

I have known you since i was just a little girl. I never knew that god would let us find eachother as step sister and brother. You are the greatest brother that i could ever ask for. I remember all the times when all of us were little and we didnt have a big fancy house or all the toys to play with, we only had eachother, and that was all we ever needed anyways, we would go outside and build lots and lots of sandcastles together then you would stick the barney balloon in the top of it because Chels and i loved barney. Then as we grew older you and i became really close and you told me i was your best friend, you would come in my room and would wake me up and we would play your X-box all night long until the next morning. We had many talks and you always told me your expirences so i would know what life would throw at me... You were always there to listen to me when i needed someone to talk to. You never turned away. You would always be the life of the party when you would come out with me and my firiends everyone loved you. I always think about you, and you would always call me just to say whats up atleast once a week until you passed. I will always miss your phone calls or your crazy voice mails. I love you so much as i always have, You helped make me the person i am today. Im so glad that you got to see Makenzie, you loved her even before you saw her. I will always remember the light in your eyes when you held her that night, you talked and talked to her until she fell asleep. We will never forget you and all the great memories we shared. I love you sooo much please look down on us and guide our way, we need you to help us stay on that narrow path until we see you again someday. Thank you for everything you have done for me you mean the world to me and Chels, WE LOVE YOU VERY MUCH~~

The night I met Chance was completely unexpected. He had gone out with his friends and I had gone out with mine. We were in the same place the whole night and didn't even know the other existed. When it was time to go home my friend and I were walking out the door. I saw Chance outside walking toward the parking lot a small distance away from his friends. Of course I thought he was adorable but at the time he looked lonely because he was walking by himself. I walked up to him, put my arm around him and asked him if he would walk me to my truck. We clicked instantly and have been friends ever since. We had many special memories that I will hold on to them forever. My boys will know Chance and how much he loved them. I feel blessed by God that he was a part of my life and he will forever be in my heart.

Gail

Chance, Sixteen wonderful years ago you became a part of my life. I have learned so much through you. You became the son I never had. We have had our share of good times and bad. But, no matter what I ever said you were always so loving to me. I thank you for that unconditional love. You also became a wonderful big brother to Heather and Chelsea and B'Layah. They really love you Chance. I know ya'll have had lots of talks. No matter what you did they always took up for you. I will miss all of those calls even when you just needed to talk. You will forever be in my heart and I will always LOVE YOU!!!!!

Love,

Your step-mom

I am so sorry to hear that we have lost such a good person and a friend. I still remember the 1st time I got to meet him! We had just moved to Houston and we moved right next door to him. Chance was so cute, with his beautiful blue eyes. I still remember getting mad at you for sneaking into the house at night. I still can't believe you are gone. You will be missed and loved by many! Lots of love for Your family and you!

Ashley Selman

Sister

Hey little brother,

You know we had alot of time together growing up. Some was good some was bad but when something came up in our lives we where always there for eachother. It was always you and me against the world. I know how hard life was for you but you are in a better place now I yake comfort in knowing that. You had a great heart and I could always count on you to be there for me when I was upset, sad or happy. We spent alot of happy times together and those are the things I am going to remember. I remember we would get

grounded together as children and we loved it we had time for just you and me and we always came up with something to do while we were stuck in the house. Do you remember the remote control truck with the horn and the letters we would send back and forth from our rooms we always had to have some kind of contact with eachother. You stepped up to the plate when I had Harlie and helped the family out. You grew a bond with her that will NEVER be forgotten and my promise to you is that I will always talk about you and make sure they always remember Uncle Sister. I got the Easter presents you bought them the day after you passed. I am going to put those away for them to have when they get older. You did not have to do that yet you did that was just the way you were and that is what is going to be remembered by all who knew you. I think you were taken from me to early, but

GOD has a plan and I am sure it is a good one. I will always have you in my thoughts daily and now you share my birthday every year with the birth to your new life were you are very happy and free walking with our family and Papa Pickle I am sure he is taking care of you up there you are safe now no more hurt or anger. I also promise to take care of Mom and Dad for you. I have been doing things during this time to let Mom and Dad grieve over you I know you would do the same for me and more. I still do not feel I am doing enough but I will do everything I can for you to be there for them in you place and take care of Mimi and Papa for you as well. You would be so happy and proud to see how many people care about you but I am sure you can see us all down here loving you with all of our hearts. I am doing my best to make sure you have the good bye you deserve. You became one of the best men I ever new and that is what I will take with me to get me through this hard time. Do not think for one minute I did not love you, you were my best friend in life for 25 years not many people get to say that and I am proud to be one of the few. Do not worry about us down here GOD gives us only what we can handle and we will pull through this together. I love you and I will see you when it is my turn.

RIP Little Brother!

Love,

Sister

I lost touch with Chance when I graduated and moved off to college, and Im so upset to hear the news, with no good bye. We havent spoken in years but the many Friday nights at the skating rink and all the summer days we spent at Splashtown, Rocking Rodeo and rankin rd will always be with me. God bless your family, and may the Lord be with them. Once again, Ill see you when I get there.

Your Mom

My memories of you began 25 years, 8 months and 5 days ago at 2:17 pm, and the most beautiful big baby boy made his arrival to his anxiously awaiting mother. You were the sweetest little blonde hair, blue eyed boy with a smile as an extra accessory. You have made me smile since that day and given me so much joy and boy have we have some fun. We have had some rough times to but that is what made Chance Wayne Wilcox, Chance Wayne Wilcox and I don't regret one minute of any day. You have remained that sweet, giving little boy even as a grown man. My heart is broken beyond repair. I will talk to you everyday and I hope you are listening. I will again see you some day and hope you are standing there waiting and laughing as you always have and greet me so we can pickup where we left off. I

love you and will miss you every second of every day.

I LOVE YOU MORE THAN LIFE.....Your Loving Mom!!!!!

JUSTIN CASTILLO

Chance was a great person and by far a very loyal friend we grew up together. We had soooo many memories to list but by far the best would have to be CHOIR POP SHOW singing ON BENDED KNEE!!!! He was just one of those guys that every body loved to be around. The best time we ever had together was going to his Aunt's ranch those were the good old days.

I will miss you brother and you will always be in our hearts!!!!!!!

RIP

Chance was a beautiful boy when he was born! He had the most beautiful eyes, and such a sweet boy. I took Chance and Amber and my other nieces to see the Singing Christmas tree at Second Baptist and his eyes were as big as saucers. He got the name Uncle Sister because of my son, Jonathan, called him that. It stuck and Harlie calls him Uncle Sister even today.. Chance spent many summers with us. and he loved his cousin Jon and his family. I am blessed to have been a part of his precious life. Chance, I know you are in heaven singing>>and playing baseball. hitting home runs. I love you,, God is a good and I know that you are with the Angels, many Angels.. You were a precious blessing to all of us... I love you.

Well one of my favorite memories of Chance was when Jeff & I got married and in the back ground you can here dad (Papa Pickle) yell out "Chance - get back up here - a snake will bit your leg off!" I can just see Chance running back just like Papa had said and I can just see his little face. He was always so damn cute. Even though it had been a while since I had seen him - he always knew that he could call me and I would be there for him. I will miss you Chance!!!

I have yet to write Chance's Life Story. I will be writing and publishing his life story on this page at a later date. I currently am just emotionally not able to do that yet. I will post a notice once I have completed and the page will be named: "A Chance of a Lifetime"
